1.1 Introduction and Purpose of the Academic Governance Manual

The Academic Governance Manual is the guiding document for the academic governance of Purdue University Global (the “University” or “Purdue Global”). It addresses the University’s governance structure, role of Faculty, communication, governance committees, key academic administrative policy, essential student services, and academic personnel guidelines and resources.

Reflecting the mission of Purdue Global, the goal of these academic policies is to foster the academic success of our students in an environment that supports teaching and learning and respects all individuals involved in that endeavor.

1.2 Background

Purdue University Global is an Indiana public benefit corporation controlled by its sole member, The Trustees of Purdue University, a statutory body corporate that manages and conducts Purdue University, the State of Indiana’s land-grant university. Purdue Global operates as a public postsecondary state educational institution affiliate pursuant to IC 21-7-13-26.5(a)

Purdue Global has its main address in West Lafayette, Indiana. The University offers undergraduate and graduate programs through online instruction. Purdue Global comprises the School of Aviation, School of General Education, the School of Business and Information Technology, the School of Nursing, the School of Health Sciences, the College of Social and Behavioral Sciences, and Concord Law School.

1.3 Application of the Academic Governance Manual

In accordance with the Bylaws of Purdue Global, the Chancellor is to perform such duties as the Board or the President may prescribe, which include developing internal governance and advisory committees of Faculty, as well as students, Staff and alumni committees, in each case designed to contribute to the successful planning, operations, and campus life of the University. This Academic Governance Manual describes the purpose and composition of such committees as well as various aspects of academic administration and student services at Purdue Global.

As employees of Purdue Global, all administrators, Staff, and Faculty members are bound by this Academic Governance Manual and the pertinent academic regulations appearing in the University Catalog, Faculty Handbook, and Employee Handbook, except as otherwise noted.

1.4 Amendments to the Academic Governance Manual

This Manual may be amended from time to time by the Purdue Global Board of Trustees, whether acting on its own initiative, based on a recommendation from the President or Chancellor, or based on a recommendation from the Faculty in accordance with the following paragraph.

Any Faculty member may propose amendments to the Faculty Senate for its consideration. Any such proposed amendment must be approved by a majority of the Senate. If approved by the Faculty Senate, Faculty proposed amendments to the Manual will then be sent to the Academic Administrative Council for approval. If approved by the Academic Administrative Council, the
The proposed amendment will then be presented to the Board of Trustees for review and action. The Board of Trustees will review and confirm the currency of this Manual at least every 3 years.

Nothing in this Manual shall be construed as restraining the Board of Trustees from taking such action or making such amendments to this Manual as it determines to be necessary in the discharge of its legal and governance responsibilities.
2 Organizational Structure and Communication

2.1 Structure

The academic organization of Purdue Global consists of the President, the Chancellor, the Provost, Deans, Assistant and Associate Deans, Department Chairs, and Faculty.

The President of Purdue University serves ex-officio as the President of Purdue Global, who reports to the Purdue Global Board of Trustees in that capacity. The head of the academic organization of Purdue Global is its Chancellor, who reports to the President. In addition to performing duties customarily associated with the Chancellors of regional campuses within the Purdue system, the Chancellor performs such duties as the Purdue Global Board of Trustees or the President may prescribe from time to time. The Academic Deans report through the Provost to the Chancellor of Purdue Global.

Non-academic support operations report to the Purdue Global Board of Trustees through the Chancellor and are conducted under the Board’s ultimate direction and control, with coordinating support provided by an advisory committee established by the Board.

2.2 Faculty Role

Subject to the authority of the Purdue Global Board of Trustees, and in consultation with the Chancellor and the President, the Faculty has authority and responsibility to recommend policies and practices designed to ensure the academic integrity, quality, and excellence of the University. In accordance with Purdue Global’s Articles of Incorporation and Bylaws, the Purdue Global Board of Trustees has the ultimate authority to prescribe the curricula, courses of study and degree programs offered by the University. Subject to that authority, the Faculty has the responsibility to recommend specific course offerings and other features of the curricula.

In support of shared governance, Faculty participate in academic decision-making in numerous ways including, but not limited to:

Appointment to committees is achieved either by vote through the governance process of election, by invitation from the Provost, or by invitation from the Faculty Senate President.

Through their participation in shared governance bodies, the Faculty:

To assist the provost in communication between the Faculty Senate and the board, the duly elected president of the Faculty Senate, as the invited delegate for the Faculty (or their representative), may attend all public meetings of the Board of Trustees.

Faculty members whose schools operate under specific statutory and regulatory authority are expected to align their practices and procedures with those external statutes and regulations, even if those practices and procedures differ from those in this Manual.

4.3 The Honorary Doctorate
Purdue Global may, in extraordinary circumstances, award an honorary doctorate degree to an individual who meets at least two criteria below and who has been approved for the honor by the University’s Board of Trustees. The honorary degree at Purdue Global is the Doctor, Honoris Causa. It does not denote a specific field of study, but rather honors the recipient’s broad, multi-faceted contribution to the University and community.

Criteria for the honorary doctorate
An individual must generally meet two or more of the following criteria to be considered an eligible nominee for an honorary doctorate at Purdue Global. Former students, Staff, or Faculty of Purdue Global University are also eligible for an honorary doctorate.

Procedure for nominating and approving a candidate for an honorary doctorate
All nominations will be sent to the Provost, who will review and recommend the final candidates to the Chancellor, who in turn will make the formal nomination for consideration by the President and the Board of Trustees.
Attendance at commencement ceremony

Board-approved nominees for the honorary doctorate are expected to be present for the awarding of the degree at the appropriate commencement ceremony. Should a candidate not be available, his or her nomination may be carried over to a subsequent year for reconsideration. The recipient will not be robed at the ceremony.

Usage

The University awards the honorary doctorate as a recognition of the honoree’s steadfast commitment to the betterment of his/her field, University, and or community and, as such, it is not necessarily a recognition of academic achievement and the conferral of the degree is done by waiving certain degree standards.

As such, the honored recipients will:

• Refrain, on the sole basis of this honorary doctorate, from referring to themselves or permitting others to address them as “Dr.”
• List this honorary degree, in their corpus vitae/similar ledgers of accomplishment, under “Honors” rather than “(Earned) Degrees.”
• Indicate, on all occasions, the honorary degree as “Doctor, Honoris Causa (or Hon. Causa), Purdue Global, <Month, Year>.”
• Be permitted to wear a doctoral robe, black with black trim. As the honorary doctorate degree awarded is not discipline-specific, neither doctoral hood nor regalia colors are associated with this, and should not be worn by the honoree on the basis of the honorary doctorate.
