ASSOCIATE'S-TO-BACHELOR'S PATHWAY FOR U.S. ARMY SOLDIERS AND VETERANS

Associate of Applied Science in Small Group Management

This online degree program is designed to build upon the training and education you receive as part of your military service, and provide you with the knowledge and skills to become a more effective leader.

The program includes a capstone experience designed to prepare servicemembers to effectively manage small groups within the military and could help enhance your professional development.

The program focuses on small group management skills including:

- Communication
- Managing conflict
- Risk management
- Ethical decision-making
- Subordinate development
- Effective goal setting
- Team synergy

Bachelor of Science in Professional Studies

The program provides a concentration in leadership and focuses on professional skills including problem solving, strategic thinking, and continuous improvement and prepares you with knowledge and skills to lead others in diverse settings.

The program is designed to build upon the experience and knowledge servicemembers already have from their prior education and military training to help enhance leadership skills and provide a pathway to professional development.

This program focuses on building professional skills including:

- Strategic communication
- Leadership in practice
- Organizational behavior
- Conflict management
- Team dynamics

(90 Credits)

-  AAS in Small Group Management
-  Purdue Global, Online Courses
-  Professional Military Education

11B40 could complete the Bachelor of Science in Professional Studies in just 9 courses.

If you have completed the 11B40 occupational course and Senior Leader Course, you could be awarded

3 additional courses (20 credits) toward your bachelor's degree.

For comprehensive consumer information, visit Info.PurdueGlobal.edu.

The 5-course determination is specific to Army soldiers and is based on the transfer of 60 quarter credit hours toward the 90-credit AAS in Small Group Management. Coursework reduction reflects an educational mapping based on the completion of enlisted professional military education (EPME), credit for occupation duties, and credit for additional sources of prior learning (such as functional training, CLEP/DSST exams, and other college credit). Credit awards will vary based on occupation, skill level, completed military courses as listed on your official Joint Services Transcript(s), and applicable prior learning that can apply toward degree requirements. Purdue Global does not guarantee transferability of credit from any of these sources. All credits must be validated on official transcript(s) to be eligible for transfer.
