The 8-course determination is specific to Coast Guardsmen and is based on the transfer of 57 quarter credit hours toward the 90-credit AAS in Small Group Management. Coursework reduction reflects an educational mapping based on the completion of common core coursework, credit for rating duties, and credit for additional sources of prior learning (such as functional training, CLEP/DSST exams, and other college credit). Credit awards will vary based on occupation, rate, completed military courses as listed on your official Joint Services Transcript(s), and applicable prior learning that can apply toward degree requirements. Purdue Global does not guarantee transferability of credit from any of these sources. All credits must be validated on official transcript(s) to be eligible for transfer.

Purdue Global cannot guarantee employment or career advancement.
