

# MARINES, USE YOUR EXPERIENCE TO GRADUATE IN AS FEW AS 6 ONLINE COURSES

The appearance of U.S. Department of Defense (DoD) visual information does not imply or constitute DoD endorsement.

## Associate of Applied Science in Small Group Management

Specifically designed to maximize your enlisted professional military education (EPME), this program includes a capstone experience that teaches Marines how to manage small groups effectively within the military—which could help meet educational requirements for advancement.

The program focuses on small group management skills including:

- Communication
- Managing conflict
- Risk management
- Ethical decision-making
- Subordinate development
- Effective goal setting
- Team synergy

Example illustrates a potential degree pathway for a Marine in an infantry occupational field. The 6-course determination is based on the transfer of 63 quarter credit hours toward the 90-credit AAS in Small Group Management. Coursework reduction reflects an educational mapping based on the completion of common core coursework, credit for occupation duties, and credit for additional sources of prior learning (such as functional training, CLEP/DSST exams, and other college credit). Credit awards will vary based on occupation, rank, completed military courses as listed on your official Joint Services Transcript(s), and applicable prior learning that can apply toward degree requirements. Purdue Global does not guarantee transferability of credit from any of these sources. All credits must be validated on official transcript(s) to be eligible for transfer. Purdue Global cannot guarantee employment or career advancement.
