# PROGRAM OUTCOMES SUPPORT YOUR CAREER GROWTH

## Upskill in Management and Supervisory Competencies

- Analyze organizational processes and procedures in a variety of business settings.
- Assess the roles that structure, management, and leadership play in organizational performance.
- Evaluate how economics, government, and law affect value creation in the global context.
- Evaluate information management, planning, operations, and control in business environments.
- Evaluate the role of accounting, finance, and marketing within the larger organizational structure.

## Get Support Transitioning Into a New Field

The skills you learn will take you far—whether you're transitioning away from a service-oriented occupation and into a more business-related career, or want to go further in your current position. General Education Literacies and Professional Competencies are integrated throughout the program, making for a well-rounded education.
