Associate of Applied Science in Small Group Management

The program provides a focus on small group management skills including: communication skills within small groups, managing conflict, risk management, ethical decision-making and problem solving, employee development, team synergy, and effective goal setting.

The program includes a capstone experience designed to prepare servicemembers to effectively manage small groups within the military and could help enhance your professional development.

The program focuses on small group management skills including:

- Communication
- Managing conflict
- Risk management
- Ethical decision-making
- Subordinate development
- Effective goal setting
- Team synergy

Bachelor of Science in Organizational Management

The objective of the highly flexible Bachelor of Science in Organizational Management program is to prepare you with the knowledge, technical skills, and work habits to pursue positions in a variety of business fields. The program will focus on general management skills such as budgeting, communication, supervision, and operations. In addition, a high number of open elective credits make this program attractive as a complement to a variety of academic backgrounds and career interests.

The program focuses on leadership and organizational skills including:

- Organizational processes
- Information management
- Business operations
- Business in a global context
- Structure / Management / Leadership

The 7-course determination is specific to Coast Guardsmen and is based on the transfer of 55 quarter credit hours toward the 90-credit AAS in Small Group Management. Coursework reduction reflects an educational mapping based on the completion of enlisted professional military education (EPME), credit for occupation duties, and credit for additional sources of prior learning (such as functional training, CLEP/DSST exams, and other college credit). Credit awards will vary based on occupation, skill level, completed military courses as listed on your official Joint Services Transcript(s), and applicable prior learning that can apply toward degree requirements. Purdue Global does not guarantee transferability of credit from any of these sources. All credits must be validated on official transcript(s) to be eligible for transfer.
