EXPAND YOUR ACCOUNTING EXPERTISE—AND YOUR CAREER OPPORTUNITIES

Globalization, a growing economy, and a complex tax and regulatory environment are expected to continue to lead to strong demand for accountants and auditors. The Bureau of Labor Statistics reports that those with an advanced degree in accounting may have an advantage in this job market. Purdue University Global’s outcomes-based master’s program helps you develop the accounting skills and expertise required for management, consultant, or independent practitioner roles across a wide range of industries. You can build relevant job proficiencies, gain a valuable professional credential, and prepare for additional industry certifications.
WHY STUDY ACCOUNTING AT PURDUE GLOBAL?

ONLINE FLEXIBILITY FOR WORKING ADULTS
Earn your degree 100% online, while meeting the demands of your career. You can also visit one of our regional locations to take advantage of local, onsite support and services.

NATIONALLY RANKED AND RESPECTED
Purdue Global is part of the respected Purdue University system. One of the most prestigious research universities in the world, Purdue University is ranked in the top 10 best public universities in the U.S. by The Wall Street Journal/Times Higher Education.

PROGRAM OUTCOMES SUPPORT YOUR CAREER GROWTH

Build the Core Skills and Competencies That Employers Demand

- Integrate accounting knowledge to take well-reasoned action in diverse situations.
- Assess accounting issues and opportunities in dynamic environments.
- Evaluate the ethical and social implications of business and accounting decisions in a global context.
- Evaluate the theory, principles, and practices of accounting and accounting information systems.
- Integrate challenging work that will prepare students for accounting professional exams.
- Communicate professionally through writing and presentations with stakeholders.

Prepare for Certification

As a graduate, you may be eligible to sit for professional credentialing examinations, such as:

- Uniform Certified Public Accountant (CPA)
- Certified Internal Auditor (CIA)
- Certified Management Accountant (CMA)
CURRICULUM

All courses are reviewed and revised continually by our dedicated curriculum department and advisory board to ensure they reflect the most recent developments in the field. The curriculum focuses on:

3 Students are responsible for understanding the requirements of optional certification exams. The University cannot guarantee students will be eligible to sit for or pass exams. In some cases, work experience, additional coursework beyond the Purdue Global program, fieldwork, and/or background checks may be necessary to be eligible to take or to successfully pass the exams.

4 To sit for the CPA Exam, students may need to take additional courses at the undergraduate or graduate level to meet individual state requirements. Licensing requirements to sit for the CPA exam vary from state to state. You should review your state’s educational requirements by visiting the National Association of State Boards of Accountancy website as well as your state’s CPA licensing requirements, which can be found at the Accountancy Licensing Library. Refer to Licensure.PurdueGlobal.edu for additional information on licensure and state authorizations.

5 This testimonial was obtained by Kaplan University. Purdue University acquired Kaplan University in March 2018 and created Purdue University Global, which is following the same curriculum format and instructional delivery methods as developed and used by Kaplan University. The views and opinions expressed are those of the individual; student experiences may vary.

6 Purdue Global cannot guarantee employment or career advancement. Additional training or certification may be required. In addition, job titles and responsibilities may vary by organization.
