Master of Science in

FINANCE

Come Back and Move Your Finance Career Forward

Chart your path through the evolving world of finance with a master’s degree that sets you up as a knowledgeable, adept, and prepared leader in your field. Develop the advanced technical knowledge and skills in all areas of this increasingly complex and diversified field. From corporate finance, to investment management, to banking and beyond, you’ll acquire the strategic thinking skills to solve the everyday challenges you’ll face in the market — and the business expertise to come back stronger than ever.
Why Study Finance at Purdue Global?

**Built for Working Adults**
Complete courses online, without compromising your work or family schedule.

**Backed by the Power of Purdue**
Earn a degree you can be proud of — and one that employers will respect. Achieve more in the finance field with a name that opens doors in your career.

**Career-Focused Concentrations**
Choose from three areas of specialization designed to help you expand your expertise: financial analysis, financial planning, and treasury management.

**Hands-On Learning**
Build relevant, practical skills you’ll need in the real world through our interactive learning environment. You will generate reports, create presentations, collaborate on group projects, and conduct complex financial analysis.

**CFP® Board-Registered Program**
The Master of Science in Finance with a concentration in financial planning is a CFP® Board-Registered Program in financial planning education.¹

**Faculty Expertise**
Learn from practicing professionals with extensive experience in business and education. All faculty possess advanced academic degrees.

**Personal Support**
Work directly with faculty through online discussion boards and seminars, and enjoy no-cost individual tutoring. In addition, academic and career advisors are dedicated to helping you balance school with your career and life responsibilities.

**An Education That’s Proven and Respected**
Purdue Global is backed by Purdue University. One of the most prestigious universities in the world, Purdue ranked #16 overall and #1 in education among Fast Company magazine’s prestigious World’s Most Innovative Companies.²

Program Outcomes Support Your Career Growth

**BUILD THE CORE SKILLS AND COMPETENCIES THAT EMPLOYERS DEMAND**

- **Decision Analysis:** Use financial and other information to make and justify business decisions.
- **Risk Management and Investment Analysis:** Identify financial risk and create a plan to minimize exposure.
- **Leadership:** Apply financial theory to facilitate overall guidance of an organization and improve day-to-day processes including the interpretation of financial data.
- **Ethical Practices:** Comply with laws, regulations, and financial principles while developing and living by a personal code of ethics.
- **Communication:** Compose and report clear and accurate financial information to stakeholders.

**EXPAND YOUR OPPORTUNITIES**

Gain the credentials, skills, and knowledge you need to pursue senior and leadership positions in finance. The curriculum develops your understanding of the factors that influence high-level decision making, as well as critical thinking used to find solutions to complex financial problems.

**PREPARE TO SIT FOR CFP® CERTIFICATION WHILE EARNING YOUR MASTER’S DEGREE**

The program’s financial planning concentration meets the specific criteria for educating individuals who wish to fulfill the education component for obtaining CFP® certification. After successfully completing the Master of Science in Finance, you must register for and complete FP107: Financial Plan Development, provided by Kaplan Financial Education, if you wish to meet all education requirements necessary to sit for the CFP® Certification Examination.³
Curriculum

Our courses are reviewed and revised continually by our dedicated curriculum department and advisory board to ensure they reflect the most recent developments in the field.

Courses Include:

- Corporate Finance
- Business Communications
- Investment and Securities Analysis
- Risk Analysis and Management
- Financial Institutions and Markets
- Financial Statement Analysis
- Retirement Planning

Career and Networking Opportunities

Industry Outlook

• Employment of financial managers, treasurers, and controllers is expected to grow much faster than the average from 2022 to 2032.4,5
• A master’s degree can be particularly beneficial if you work as a financial manager or a securities, commodities, or financial service sales agent. It is often required for advanced financial analysts and other higher-level positions, and can help improve a personal financial advisor’s chances for promotion.6
