

Master of Science in

HOMELAND SECURITY AND EMERGENCY MANAGEMENT

Earn a Respected Degree Built for Working Adults and Backed by Purdue

Issues related to homeland security and emergency management make headlines every day. This is your moment. Don't just go back to school — come back stronger and more prepared to lead, protect, and serve in your community. With a master's degree from Purdue Global, you'll develop the expertise and credentials to advance your career in this rewarding field, safeguard the public, and empower others to do the same.

Why Study Homeland Security and Emergency Management at Purdue Global?

Built for Working Adults

Complete courses online, without compromising your work or family schedule.

Backed by the Power of Purdue

Earn a degree you can be proud of — and employers will respect. Achieve more in the public safety field with a name that opens doors in your career.

Expert Faculty

Learn from criminal justice, emergency services, and education experts who are practicing professionals in the field. All faculty possess doctorate degrees and relevant industry credentials.

Personal Support

Work directly with faculty through online discussion boards and seminars, and enjoy no-cost individual tutoring. In addition, academic and career advisors are dedicated to helping you balance school with your career and life responsibilities.

A Community Made for Comebacks

Join a wide network of students, alumni, faculty, and employers. As one of the largest providers of public safety programs in the U.S., we know what it takes to move the careers of dedicated professionals like you forward.¹

Nationally Ranked and Respected

One of the most prestigious research universities in the world, Purdue ranked #16 overall and #1 in education among *Fast Company* magazine's prestigious World's Most Innovative Companies.

Curriculum

The cross-disciplinary curriculum intersects criminal justice, social science, public policy, leadership, and business. Courses are reviewed and revised continually by industry experts, to ensure they reflect the most recent developments in the field.

Courses

- Comparative Criminal Justice Systems
- Critical Issues in Terrorism
- Applied Research in Criminal Justice
- Socially Responsible Leadership
- Crisis and Emergency Management Fundamentals
- Homeland Security Policies, Principles, Procedures, and Plans
- Risk, Vulnerability, and Capability Assessment Methods
- Planning and Operations in Crisis and Emergency Management
- Mitigation and Preparedness Issues for Emergency Management
- Crisis Intervention

Applied Research Project

A hands-on final project enables you to put your learning to work by analyzing real-world homeland security and emergency management issues and challenges.

Program Outcomes

- **Public Value:** Apply knowledge of practice in homeland security and emergency management to make effective decisions that create public value in diverse and dynamic situations.
- **Ethical Decision-Making:** Evaluate the social and ethical implications of decisions made to protect people and property.
- **Innovation:** Innovate to address complex and multidimensional homeland security and emergency management global challenges to propose solutions.
- **Knowledge Base:** Evaluate and apply theoretical foundations, current knowledge, and legal doctrine in homeland security and emergency management.
- **Diversity:** Assess cultural, individual, and role differences of constituents and stakeholders.
- **Leadership:** Apply principles of leadership to shape change and improve homeland security and emergency management policy and practices.
- **Research Methods:** Critically evaluate current qualitative and quantitative research on current knowledge and developing trends in the profession.
- **Organizational Behavior and Management:** Apply organizational behavior and management theories to day-to-day operations within the profession.
