SCHOOL OF EDUCATION AT PURDUE UNIVERSITY GLOBAL

EMPOWERING EDUCATION PROFESSIONALS

As an advocate and thought leader in education, Purdue Global's School of Education helps professionals advance their career in education, whether they are currently educators or aspire to teach.¹ We offer several degrees to help you build your credentials, understanding, and skills in several educational professions including teaching K-12 or higher education classrooms; the professional development and training of adults in corporate, military, and nonprofit environments; and foundational roles in teaching and development such as educational psychology, instructional technology, assessment and evaluation, and others.

PRACTICAL AND RELEVANT KNOWLEDGE

Once you enroll, you will join a community of dedicated educators who share a common goal of reaching and inspiring learners of all ages and abilities. Through course curriculum, special events, and discussion opportunities, you will get the chance to network and interact with School of Education professors and fellow students from around the world.

Courses are taught by professionals with real-world experience in the fields they teach. This blend of academic and real-world experience makes them uniquely qualified to provide you with relevant skills and information that you can apply on the job right away.

ONLINE PLATFORM FOR THE WORKING PROFESSIONAL

Earning your education degree online with Purdue Global means you can pursue your educational goals without putting your life on hold. Classes fit into your schedule and give you the flexibility you require. Our collaborative learning environment encourages students and faculty to share and discuss their experiences and best practices so you can connect and immediately apply that information in your current workplace.

Online student support services include career services, academic support centers, a library, honor societies and student clubs, and more. University staff are available to support you all along the way.

RECOGNIZING YOUR DRIVE, TIME, AND FINANCIAL INVESTMENT

Purdue Global understands that earning your degree is a significant investment. To help you succeed, we offer several opportunities within the School of Education to help you save both time and money as you earn your degree.

- **Transfer Credit Opportunities:** Teachers who have earned National Board Certified Teacher (NBCT) status through the National Board for Professional Teaching Standards may receive transfer credit for three courses within the Master of Science in Education (Curriculum Design, Student Assessment, and Transforming Teaching Practice).² That's a total of 14 quarter credit hours, which could reduce the length of your program and lead to over \$5,800 in tuition savings.³

- **School District Alliance Tuition Reductions:** We have formed alliances with select districts to offer faculty reduced tuition rates.⁴ Call us to find out if your district is part of our alliance, the special tuition rates that might be available, or how your district can join.
- **Master of Arts in Teaching Classroom Pathways Bundle:** As a student participating in this pathway, you'll have American Board Plus+ Program resources and certification examination costs included in the price of tuition; one less thing to think about on your path to becoming a certified teacher. See the Master of Arts in Teaching program page for additional information.
- **Savings for Military Students:** We offer reduced tuition rates to servicemembers, including Guard and Reserve, military veterans, and their spouses.
- **6-Week Terms:** Most of the School of Education's programs are available in 6-week terms that allow you to complete your degree at a pace that works well with your schedule.

ACADEMIC QUALITY

Purdue Global is accredited by The Higher Learning Commission (HLC). This accreditation covers our academic programs, all branch campuses, and all programs provided via distance education. For more information, please visit the HLC website at HLCommission.org or call 800-621-7440.

Faculty and industry advisory boards continually review and improve our programs and courses to ensure they meet our learning outcomes and student expectations, and remain relevant to current industry trends.

Professors at Purdue Global are experienced practitioners as well as instructors, so you can benefit from their first-hand knowledge and subject-matter proficiency. All of the School of Education's faculty members hold a doctorate; so unlike many other schools, you will never be taught by a graduate student.

MESSAGE FROM OUR DEAN

MEET THE DEAN

Dr. Sara Sander

PhD in Education,
Emphasis in Adult Education,
Capella University

MA and BA in Communications,
University of Arkansas at
Fayetteville

I strongly believe that the School of Education at Purdue Global is a very special place for students to learn, collaborate with other professionals, and most importantly, be part of a community committed to excellence.

Whether you are developing current skills or learning new ones, our faculty and administrators are here to ensure all students become more effective and caring educators. Our team's mission is to develop leaders in education by focusing on constant learning and reflection, ongoing improvement of professional practice, and making meaningful contributions to the lives of learners. Our faculty members are leaders in their respective fields and continually stay abreast of the latest technologies, best practices, and research so that they can enrich the lives of our students.

We welcome you to join our mission so that, in turn, you can carry the torch and become a leader in your community.

Sara Sander

PROGRAMS

Whether you are an experienced teacher or trainer currently working in a classroom, a new convert to the field of education, or somewhere in between, we meet you where you are and help you take that next step.

MASTER OF ARTS IN TEACHING

The Master of Arts in Teaching program is specifically designed for career changers. If you want to teach but your bachelor's degree or current job is in another field, our coursework prepares you to make the transition by providing a solid foundation in teaching methods for beginning teachers.⁵

We'll help build your knowledge, which will, in turn, build your confidence as you enter your new career. The curriculum focuses on the knowledge and skills relevant to secondary (grades 5–12) teachers and is based on nine program competencies that meet national and state professional standards.

IOWA CERTIFICATION TRACK

If you live in Iowa or in close enough proximity to complete weekly field experiences at an Iowa school, choose the certification track. This track is a blend of online coursework and onsite fieldwork. Students who successfully complete the program will be recommended to the Iowa Board of Educational Examiners for a teaching license. (Note: Purdue Global cannot guarantee a graduate will receive a teaching license.)

The Iowa certification track of the Master of Arts in Teaching program is approved by the Iowa State Board of Education for the secondary teaching concentration area.

NONCERTIFICATION TRACK

This track is designed for students who live outside of Iowa. The program prepares career changers to teach diverse learners and become reflective decision-makers who promote student learning. Applicants must have never held a prekindergarten through 12th grade teaching license or been a Teacher of Record or classroom teacher. The program is not for existing teachers looking for an advanced teacher preparation track.

“I was able to complete my master’s degree in teaching in 13 months and take the math certification exam right away. The length of time that it took to finish my master’s degree was a factor in making the decision to change my career.”

GENEVIEVE KOENS, GRADUATE⁶

Master of Arts in Teaching—
Noncertification Track

The program could help graduates become teachers in specific states in which we have established partnerships with state-approved alternative certification programs or via the Classroom Pathways Bundle. Please note that completing the Master of Arts in Teaching's noncertification track is not required to pursue a state alternative teacher certification program.

Students residing in Iowa and Kentucky may not enroll in this program due to state department of education regulations.

Classroom Pathways Bundle

While Purdue Global cannot recommend candidates outside of the state of Iowa for licensure, we do offer a pathway to certification through the Master of Arts in Teaching Classroom Pathways Bundle. The American Board Certification of Teacher Excellence (American Board) is a nonprofit organization established by the U.S. Department of Education that offers a state-approved route to certification in Arkansas, Florida, Idaho, Mississippi, Missouri, New Hampshire, Oklahoma, Pennsylvania, South Carolina, and Utah. Upon acceptance into the Classroom Pathways Bundle Program, you will enter the Master of Arts in Teaching program and have access to the American Board Plus+ Program resources to help you prepare for the pedagogy and subject-area exams. American Board program resources and examination costs are included in the price of tuition for the Classroom Pathways Bundle; one less thing to think about on your path to becoming a certified teacher.⁷

Alternative Certification Programs

We also work with state-approved alternative certification programs, including the Education Career Alternatives Program (ECAP) in Texas.

MASTER OF SCIENCE IN EDUCATION

Are you ready to take your education career to the next level? Our Master of Science in Education program is designed to prepare you for a teaching career in which you will have the power to influence, motivate, and empower future generations. This program is not an introduction to teaching. Rather, it was created specifically for trained teachers—those who want to improve their practical teaching skills, increase their professional marketability, and pursue career advancement in areas such as teacher leadership, professional development, or mentoring.¹

Job-embedded assignments mean you “take it to the classroom” and apply what you are learning in real time. And your students will have the opportunity to benefit from what you are learning right away—we call it the “ever-expanding circle of success.”

This program is based upon nationally recognized standards developed by the National Board for Professional Teaching Standards.

CONCENTRATIONS

The program offers three concentrations:

- Educational Leadership
- Teaching Literacy and Language
- Teaching Students With Special Needs

At this time, residents of Kentucky may not enroll in this program.

MASTER OF SCIENCE IN HIGHER EDUCATION

Purdue Global's Master of Science in Higher Education is designed to prepare graduates for leadership and instructional positions in colleges and universities. Whether your goal is to work in higher education administration, policymaking, or teaching, our degree could help you succeed in the field.

The program features interactive courses led by distinguished faculty members who are dedicated to helping you pursue your educational goals. Learning activities allow you to examine the impact of issues, such as culture and diversity, technology, public policy, and financing, on a student's ability to attend and succeed in college.

Your master's degree may help you qualify for leadership positions; opportunities in staff development; or supervisory roles in student services and student affairs.¹ This degree is designed to help you pursue or advance your career at a postsecondary institution; it is also an ideal stepping-stone for further doctoral-level studies.⁸

“My learning experience was very personalized. Everything that I learned, I was then able to tweak and use right away in my classroom... My students' performance in the classroom went way up. Every single week I had a kid telling me that they loved math. They loved coming to my class.”

ANGELA COX, GRADUATE⁶

Master of Science in Education

MASTER OF SCIENCE IN INSTRUCTIONAL DESIGN AND TECHNOLOGY

Interested in pursuing or advancing a career in training or instructional technology? Purdue Global's Master of Science in Instructional Design and Technology is designed to help you reach your goals. The curriculum focuses on the design, development, and evaluation of instructional materials and programs, and the use of technology in the delivery of educational and training services. Coursework could prepare you for positions such as instructional designer, technologist, professional training specialist, and multimedia developer.¹

As technology continues to revolutionize the way we learn, this degree helps you gain current, tangible, and marketable skills and knowledge to put to use in the field.

ADULTS CONCENTRATION

Explore training models, technology, and learning management principles and practices used in instructional design and technology. Ideal for careers in corporate, military, or nonprofit training environments.

At this time, residents of Kentucky and Missouri may not enroll in this program.

MASTER OF SCIENCE IN EDUCATIONAL PSYCHOLOGY

Are you interested in helping institutions maintain educational quality? Do you have a desire to influence and improve learning environments? Purdue Global's Master of Science in Educational Psychology focuses on helping you develop competencies to evaluate and recommend improvements in educational programs, student learning, and instruction.

Study how to build, implement, and evaluate instructional regimens that are both competitive and educationally effective. Courses are taught by supportive professionals with real-world experience, and the program offers a broad and diversified curriculum that focuses on educational psychology, improving educational programming for the twenty-first century, and research methodology.

At this time, residents of Kentucky may not enroll in this program. Students enrolled in the Master of Science in Educational Psychology must change to the 10-week A, B, or C track upon completion of all 6-week D track education coursework.

ADMISSIONS

Purdue Global is committed to admitting individuals who are academically prepared to succeed in our programs. We are also committed to making the process as easy and straightforward as possible. Your Admissions Advisor will walk you through the entire process and is there to answer your questions.

ADMISSIONS OVERVIEW

Specific admissions requirements vary by program, and details can be found in the University Catalog (Catalog.PurdueGlobal.edu). No matter what educational or career path you choose, you can expect to do the following:

- Complete an interview with your Admissions Advisor in which you identify your educational and professional goals, ask questions, and explore whether Purdue Global is right for you.
- Take a virtual tour to see what our online classrooms are really like.
- Submit any required documents (e.g., unofficial transcripts).
- Complete and sign your Enrollment Agreement.

BASIC REQUIREMENTS

ALL SCHOOL OF EDUCATION APPLICANTS

- You must have completed a bachelor's degree program at an accredited college or university with a 2.5 cumulative grade point average (CGPA) or higher.

MASTER OF ARTS IN TEACHING, IOWA CERTIFICATION TRACK

- You must submit a dispositions self-assessment.
- You must meet content-area requirements specified by the Iowa Board of Educational Examiners, including the completion of the minimum amount of semester hours in your chosen content area, and obtain a transcript analysis noting these requirements.
- You must provide proof of passing a criminal background check.
- You must provide proof of completion of a minimum of 10 hours of clinical experience in an Iowa secondary school
- Prior to enrollment, you must submit official passing scores on Core Academic Skills for Educators and Praxis II tests via the Educational Testing Service (ETS).

INTERNATIONAL APPLICANTS

- You will need to provide evidence of English language proficiency.
- You must have earned an equivalent, recognized baccalaureate degree. International transcripts submitted to the School of Education must be evaluated by one of the approved agencies listed by the National Association of Credential Evaluation Services on the following website: www.naces.org/members.htm. Official evaluated transcripts must be received by Purdue Global before you can enroll in a program.

Speak to your Admissions Advisor for information related to international availability. Not all programs are available for enrollment.

PAYING FOR SCHOOL

EXPLORE YOUR FINANCIAL OPTIONS BEFORE YOU MAKE ANY DECISIONS

FINANCIAL AID

Our Financial Aid Office works with you from enrollment to graduation to ensure you understand your financial options and to help you plan the most efficient use of financial resources. We will help you craft a personalized financial plan that meets your particular needs.

Prior to enrolling at Purdue Global, you are encouraged to explore all available financial options, including employer tuition benefits, military tuition assistance, and tuition reductions.

Financial aid is available to those who qualify. Financial aid awards vary depending on individual student eligibility and need.

LOANS (SUBJECT TO ELIGIBILITY REQUIREMENTS)

- Unsubsidized Federal Stafford Loan
- Federal PLUS Loan
- Alternative Loans

OTHER AGENCIES OR PROGRAMS FOR ELIGIBLE STUDENTS

- Promise Jobs
- Veterans Administration Benefits
- Division of Vocational Rehabilitation
- Workforce Investment Act⁹
- Defense Activity for Non-Traditional Education Support (DANTES)

TRANSFER CREDITS

Purdue Global can help you maximize your transfer credits so you realize the most savings. If you already completed graduate-level courses at an accredited institution, we can help you earn college credit for what you already know. You might find your degree is a lot closer than you think.¹⁰

To apply for credit, you must first submit official transcripts, course descriptions, and supporting documentation to the Office of the Registrar. Visit Catalog.PurdueGlobal.edu for the Prior Learning Assessment policy.

UNCOMPROMISING SUPPORT

Purdue Global students receive personal academic support from day one to graduation. From a highly engaged faculty to technical support, you have access to the assistance to help you achieve your academic goals.

STUDENT SUPPORT

Student support staff provide the following types of individualized support:

- Access to resources and academic tools
- Degree planning
- Answers to questions about your program
- Motivation to stay on track to graduation
- Course selection and registration
- Helping you handle issues before they become problems

TUTORING SERVICES AND ACADEMIC SUPPORT CENTERS

Purdue Global offers rich academic support through a suite of tutoring services. Our Writing Center, Math Center, Technology Center, Science Center, and Business Center provide subject-specific assistance. Depending on the center, services include:

- Live tutoring for one-on-one support from professors and professional tutors
- Subject support including an essay review service
- Workshops covering a wide range of topics
- Podcasts, self-paced tutorials, and additional resources

CAREER SERVICES

Career Specialists emphasize the practical, tangible steps you can take for results in the real world. Career Services offers:

- Career planning to ensure a personalized approach to pursuing your career goals
- Résumé and cover letter reviews, mock interview assistance, and networking advice
- 24/7 availability of the Career Services portal on Purdue Global Campus, which includes job postings and career services tools
- On-demand access to relevant information on résumé writing, interviewing, networking, and more
- A mentoring program to help connect you with alumni in your field

CENTER FOR DISABILITY SERVICES

The Center for Disability Services is responsible for the coordination of services for students with disabilities. Students seeking reasonable and appropriate accommodations may request, through student support staff, to be placed in contact with the Center for Disability Services. Students may also directly contact the Center for Disability Services.

STUDENT EXPERIENCE

When you enroll at Purdue Global, you are joining a community of adult learners throughout the world who are committed to improving the quality of their lives by taking the next step in their education and in their careers. Clubs, interactive courses and seminars, and social media tools foster a strong sense of community among this group of dedicated students.

ONLINE CAMPUS

The “hub” of student life is your online campus, Purdue Global Campus. Here, you will find all of your courses, your degree plan, contact information for support services, and tools and resources to help you succeed.

YOUR CLASSROOM

Courses are dynamic, interactive, and engaging. We use advanced technology and enhanced delivery methods to make classes accessible and easy to use. You can navigate lessons and explore web field trips with a click, and communicate with fellow students and faculty via email and discussion boards. Our user-friendly online classroom environment makes learning interactive and enjoyable.

INTERACTION WITH FACULTY AND FELLOW STUDENTS

Interactive opportunities to network, communicate, and interact with faculty and other students include:

- Live seminars
- Roundtable discussions
- Speaker series webinars that connect students, alumni, subject-matter experts, and industry leaders
- Discussion boards to foster lively academic discussions

CLUBS AND ORGANIZATIONS

Purdue Global’s Office of Student Life offers programs and services aimed at helping students engage in their program of study outside the classroom and providing both personal and professional growth opportunities. Organizations offer

students many opportunities to connect with their peers and faculty outside of the classroom. Organizations open to School of Education students include:

- Golden Key International Honour Society
- Alpha Beta Kappa Honor Society
- Educators Association
- Science Club
- Autism Speaks U
- Student Nutrition Association
- Ambassadors and Leaders
- Student Military Association
- Opportunities With Life Studies (OWLS) Club

ALUMNI BENEFITS

We have an active alumni community and continue to honor their success after they complete their studies. Alumni have access to resources that include:

- Social media networking with other graduates
- Career services and job search assistance
- Alumni career networks

MILITARY OVERVIEW

SUPPORTING MILITARY MEMBERS, VETERANS, AND THEIR SPOUSES

If you or your spouse served in the U.S. Armed Forces, Purdue Global provides support to help you reach your educational and career goals—whether military or civilian.

- Reduced tuition for servicemembers, including National Guard and Reserve, spouses, and veterans
- Specially trained staff within our Military Student Support Center who understand military culture, procedures, and complex military educational benefits
- Compliance with Executive Order 13607, establishing principles of excellence for educational institutions serving servicemembers, veterans, their spouses, and other family members
- Special deployment policies if you must drop a course or take a leave of absence due to a deployment or change of orders

Note: this accolade was awarded prior to the March 2018 purchase of Kaplan University by Purdue University and subsequent creation of Purdue University Global. Purdue Global cannot guarantee future accolades.

ABOUT PURDUE GLOBAL

Building on Purdue's mission to provide greater access to affordable, world-class education, Purdue Global delivers a fully personalized online experience that's tailored to working adults. By opening the doors to adults who need flexibility to fit learning into their busy lives, we make it possible to achieve a high-quality education from a prestigious university system—completely online.¹¹

Purdue Global offers 180 online programs at the associate's, bachelor's, master's, and doctoral levels, with courses taught by highly respected faculty members who are experts in their fields. Our dedicated faculty and support teams are here every step of the way to help you achieve your goals, providing one-on-one mentoring, educational advising, and comprehensive career services to graduation and beyond.

CONTACT US

If you have questions about admissions requirements or financial aid, or need help determining which program is right for you, contact an Advisor.

Call **844-PURDUE-G** or visit **www.PurdueGlobal.edu**.

IMPORTANT INFORMATION—PLEASE READ

For comprehensive consumer and gainful employment information, visit Info.PurdueGlobal.edu.

Degree plan information is current as of April 2, 2018, and is subject to change. For official course offerings, programs, and curriculum requirements, please refer to www.Catalog.PurdueGlobal.edu.

- 1 Purdue Global cannot guarantee employment or career advancement. The University makes no representations or warranties as to whether its programs meet the specific requirements of any individual state or school system for licensing, pay increase, or job advancement purposes. Students are encouraged to independently research the requirements in any state or school system of interest. College teaching requirements vary by institution and program. Students are responsible for verifying the requirements to teach in any program or institution of interest.
- 2 See University Catalog for additional requirements.
- 3 Tuition savings calculated as 14 quarter credit hours x \$421.00 = \$5,880.00. Individual savings will vary. Purdue Global does not guarantee transferability of credit. Future transfer credit savings are subject to review and the academic policies of Purdue Global. See University Catalog for the Prior Learning Assessment policy.
- 4 Contact an Admissions Advisor for details. Must be an employee or member of an organization with which Purdue Global has an educational relationship. May not be combined with scholarships, grants, military tuition reductions, tuition vouchers, or other discounts or Purdue Global Tuition Cap pricing.
- 5 Licensing requirements for teaching grades 5–12 vary by state. In almost every state, you must enroll in a state-approved certification program that may include completing coursework, a supervised teaching internship or student teaching course, and/or passing a subject-area and pedagogy exam. Earning a master's degree could provide you with the background and practical experience to meet nationally recognized standards. If you are interested in becoming a certified teacher, please contact your state's department of education for certification requirements.
- 6 Testimonials were solicited by Kaplan University. Purdue University acquired Kaplan University in March 2018 and created Purdue University Global, which is following the same curriculum format and instructional delivery methods as Kaplan University. The views and opinions expressed are those of the individual; student experiences and completion times may vary.
- 7 Students must check with the American Board at abcte.org for certification and state requirements. Prior to enrolling, students must confirm they are eligible for a state alternative certification program. Students are also encouraged to confirm costs, deadlines, additional fees, required approvals, residency, and continuing requirements with American Board.
- 8 While many of Purdue Global's degree programs are designed to prepare graduates to pursue continued doctorate-level education, the University cannot guarantee that students will be granted admission to any doctoral programs.
- 9 Purdue Global may be eligible to be an approved training provider for Workforce Investment Act (WIA) student aid. Students must contact their local WIA One-Stop Centers or their Local Workforce Investment Boards to determine training program eligibility.
- 10 Purdue Global does not guarantee transferability of credit. See the University Catalog for the Prior Learning Assessment policy.
- 11 Some Purdue Global programs are not 100% online; some programs require you to gain hands-on experience in a real-world work environment. Contact an Admissions Advisor for additional information.
