BACHELOR OF SCIENCE IN NUTRITION

IMPROVE THE HEALTH OF PEOPLE AND COMMUNITIES

Prepare to make a positive difference in the lives of others through a career in the health care and nutrition industry. With the focus of America’s health care system shifting to preventive care, there is an expected need for individuals who can educate others about healthy habits and behaviors, including the importance of good nutrition and maintaining a healthy diet. In Purdue University Global’s Bachelor of Science in Nutrition, you will explore the topics, concepts, values, research methods, and applications in nutrition needed to pursue opportunities in this growing field.

Purdue Global
Why Study at Purdue Global’s School of Health Sciences?

FLEXIBILITY FOR WORKING ADULTS
Complete your degree 100% online, on your schedule.

TRANSFER CREDITS
Transfer up to 75% of your degree requirements to accelerate completion of your degree and save on tuition.²

ACCELERATED MASTER’S DEGREE OPTION
Fast track to your master’s degree. You can complete graduate-level courses as part of your bachelor’s program, shortening your Purdue Global health sciences master’s degree by up to five courses.³

FACULTY EXPERTISE
Learn from experienced health care professionals currently active in the field. Most faculty possess advanced academic degrees.

ONE-ON-ONE MENTORING
Work directly with faculty through online discussion boards and seminars, and enjoy no-cost individual tutoring. In addition, academic and career advisors are dedicated to helping you balance school with your career and life responsibilities.

INTRODUCTORY TRIAL PERIOD
Make sure online learning at Purdue Global is right for you. Enroll in the University and try our classes for 3 weeks before you owe any tuition. That’s the Purdue Global Commitment.⁴

NATIONALLY RANKED AND RESPECTED
Purdue Global is part of the respected Purdue University system. One of the most prestigious research universities in the world, Purdue University is ranked in the top 10 best public universities in the U.S. by The Wall Street Journal/Times Higher Education.⁵

Curriculum

Our comprehensive curriculum covers the principles and pharmacology of nutrition and how dietary choices can contribute to a healthy lifestyle. You will explore how to educate others in the science of food, food production, and nutrition. The courses are reviewed and revised regularly by industry experts to ensure they reflect the most recent developments in the field.

NUTRITION COURSES:
- Food Safety
- Nutritional Analysis and Assessment
- Nutrition Planning and Management
- Nutrition Across the Human Life Cycle
- Food Science With Lab
- Nutritional Counseling

Concentration:
In addition to the required core and major courses, you can further specialize your degree by choosing a concentration in holistic nutrition.

Capstone Project
The program culminates in the successful completion of a capstone project, in which you can demonstrate your ability to apply the concepts and skills you study online to real-world scenarios.

PROGRAM DETAIL

- Public Health

Doctor of Health Science

“Purdue Global has a unique approach to learning. The knowledgeable and experienced professors inspire me to continue learning beyond the classroom. Help is always available, and the seminar setup encourages interactions that make class fun and easy to love.”

Kimberly Tirado
BS in Nutrition Student
The Bachelor of Science in Nutrition is designed to prepare graduates academically to pursue a variety of nutrition-oriented careers and advanced education. However, the program was not designed to meet any state-specific requirements for licensure or certification, is not accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND), and does not qualify students to apply for that position. Purdue Global cannot guarantee employment or career advancement. Additional training or certification may be required.

INDUSTRY OUTLOOK¹
- Employment of health educators is expected to grow much faster than the average for all occupations from 2021 to 2031.
- Employment of medical and health services managers is projected to grow 28% during this same period.
- Health care is expected to generate about 2 million jobs between 2021 and 2031. Demand for health care services is expected to increase due to an aging population and greater demand for health care services.

⁹ The Bachelor of Science in Nutrition is designed to prepare graduates academically to pursue a variety of nutrition-oriented careers and advanced education. However, the program was not designed to meet any state-specific requirements for licensure or certification, is not accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND), and does not qualify an individual to sit for the examination to become a Registered Dietitian (RD). In addition, some states will not permit individuals to become licensed in nutrition and/or dietetics if they do not possess the RD credential. Refer to Licensure.PurdueGlobal.edu for state-specific licensure information. Purdue Global does not guarantee employment placement or career advancement. Actual outcomes vary by geographic area, previous work experience and opportunities for employment.
