Message From Our Dean

SARA SANDER, PHD

PhD in Education,
Emphasis in Adult Education,
Capella University
MA and BA in
Communications, University of
Arkansas at Fayetteville

To those considering enrolling in one of our programs, we thank you for your interest and inquiry. I'm proud to say that our programs are designed to prepare students to become active professionals and leaders in careers that are cornerstones to developing and sustaining communities, ensuring proper oversight, and advocating for general and need-based populations. Needless to say, our students tend to have a heightened drive to pursue their goals and a passion for their personal aspirations.

We recognize and respect that talent and tenacious commitment by offering degrees and concentrations built on principles of communication, social awareness, critical thinking, and ethical decision-making to address the complex, evolving, and at times unique challenges our students will face in their careers. Purdue University Global's interactive platform provides students with the opportunity to exchange ideas with like-minded classmates and faculty in an environment that encourages individuals to become change agents.

Every day, I see determined individuals driven to acquire the skills, knowledge, and presence of mind they need to "advance confidently in the direction of their dreams," to quote philosopher Henry David Thoreau.

Over the past 15 years, I've been fortunate to learn how many of our students have done just that, making a difference and fulfilling their personal and professional dreams.

I take pride in knowing that Purdue Global helped our graduates take the next step in their careers and in their lives. It's a thrilling, rewarding, and, more than anything, inspiring experience. I hope you will consider becoming a part of our exciting online academic community.
