TAKE THE NEXT STEP IN YOUR EDUCATION AND CAREER

ACCELERATED MASTER’S DEGREE OPTION
Work toward a Purdue Global master’s degree in legal studies, public administration, human services, or psychology while you earn your bachelor’s degree. Complete both your bachelor’s and master’s degrees in less time and at a lower cost than completing both programs separately.

GAIN THE PRACTICAL KNOWLEDGE AND SKILLS THAT EMPLOYERS DEMAND
The program challenges you to solve real-world environmental issues, preparing you to do the following:

• Work with businesses and organizations to create customized sustainability policies.
• Advise businesses on environmental matters, such as effects of planned developments on the environment and government policies that should be followed.
• Prepare research reports, articles, and presentations.
• Plan ways to make cities and towns sustainable.
• Develop, manage, and implement strategies for the conservation of areas frequented by the public.
• Help planners develop and construct buildings, utilities, and transportation systems that protect natural resources and limit damage to the land.
Along with the science of the environment and sustainability, the comprehensive curriculum covers concepts of economics, ethics, environmental management, business, law, culture, and property rights. All courses are reviewed and revised continually by industry experts to ensure they reflect the most recent developments in the field.
