

COME BACK STRONGER. EARN YOUR **MSN AND MHCA,** TOGETHER.

Advance Your Career While Responding to the Health Needs of Your Community

Gain a competitive advantage in your field by earning your MSN and MHCA online at Purdue Global. Boost your credentials in advanced nursing, health care management, and leadership, while preparing for executive positions that oversee and manage the delivery of health care services, from hospital administration and medical insurance to pharmaceuticals.*

Master of Science in Nursing/Master of Health Care Administration

Online MSN and MHCA Dual Degree Option

Completion Time: As Few as 2 Years[†]

At Purdue Global, you can earn our MSN and MHCA together faster than earning them separately. Since the master's degree programs share common core courses, the credits you earn can apply toward both master's degrees, letting you complete both in 74 credits instead of 112.

All your classes are 100% online, giving you the flexibility your busy schedule demands. However, you must also complete an in-person clinical for the MSN to gain hands-on experience. Purdue Global will work with you to find convenient locations for your clinical experience. You may also satisfy the requirements where you work.

Prepare for executive-level roles in health care and related fields, including:

- Management and leadership positions
- Hospital administrator
- Health services manager
- Department or division manager/supervisor
- Health care consultant

Master of Science in Nursing (MSN)

Enhance your skills and build your credentials as a nursing leader. MSN courses focus on evidence-based practice, health policy and ethics, health care delivery, and epidemiology.

The master's degree in nursing program at Purdue Global is accredited by the Commission on Collegiate Nursing Education (www.CCNEAccreditation.org).

Master of Health Care Administration (MHCA)

Prepare to take on leadership positions across and related to the health care field. The MHCA curriculum focuses on advanced knowledge and skills as well as overall concepts, research methods, and applications relevant to health care administration.

The HLC (HLCcommission.org) is an institutional accreditation agency recognized by the U.S. Department of Education.

* Purdue Global does not guarantee employment or career advancement. Prior experience may be necessary for leadership positions.

‡ Completion time based on a full-time schedule of 17 terms. Program will take longer for part-time students to complete. Students are required to change calendar tracks twice in order to complete the courses required. When this occurs, you may experience a delay of 2 weeks or more between the end of the term and the beginning of the next available term in the alternate calendar.
