MASTER OF SCIENCE IN NURSING

PREPARE FOR ADVANCED PRACTICE AND NURSING LEADERSHIP ROLES
Nursing is undergoing a radical transformation, with advanced practice nurses taking on greater responsibilities across the health care industry. Purdue University Global’s Master of Science in Nursing builds on your previous nursing education and practical experience, offering you a pathway to leadership and independent practice opportunities. As a graduate, you’ll be prepared to sit for industry certification exams, and be well positioned to pursue a doctoral degree in nursing (DNP).

¹ Students are responsible for understanding the requirements of optional certification exams. The University cannot guarantee students will be eligible to sit for or pass exams. In some cases, work experience, additional coursework beyond the Purdue Global program, fieldwork, and/or background checks may be necessary to be eligible to take or to successfully pass the exams. Graduates who pass the relevant nurse practitioner certification exam may be academically eligible for licensure as an advanced practice registered nurse in any state in which the program is available for enrollment. Licensure-track programs may limit enrollment to students in certain states; please refer to Licensure.PurdueGlobal.edu for additional information on licensure, state authorizations, and program availability.
