MESSAGE FROM OUR DEAN

MEET THE DEAN

To those considering enrolling in one of our programs, we thank you for your interest and inquiry. I’m proud to say that our programs are designed to prepare students to become active professionals and leaders in careers that are cornerstones to developing and sustaining communities, ensuring proper oversight, and advocating for general and need-based populations. Needless to say, our students tend to have a heightened drive to pursue their goals and a passion for their personal aspirations.

We recognize and respect that talent and tenacious commitment by offering degrees and concentrations built on principles of communication, social awareness, critical thinking, and ethical decision-making to address the complex, evolving, and at times unique challenges our students will face in their careers. Purdue University Global’s interactive platform provides students with the opportunity to exchange ideas with like-minded classmates and faculty in an environment that encourages individuals to become change agents.

Every day, I see determined individuals driven to acquire the skills, knowledge, and presence of mind they need to “advance confidently in the direction of their dreams,” to quote philosopher Henry David Thoreau.

Over the past 15 years, I’ve been fortunate to learn how many of our students have done just that, making a difference and fulfilling their personal and professional dreams.

I take pride in knowing that Purdue Global helped our graduates take the next step in their careers and in their lives. It’s a thrilling, rewarding, and, more than anything, inspiring experience. I hope you will consider becoming a part of our exciting online academic community.

SARA SANDER, PHD

PhD in Education, Emphasis in Adult Education, Capella University
MA and BA in Communications, University of Arkansas

Sara Sandu
COLLEGE OF SOCIAL AND BEHAVIORAL SCIENCES AT PURDUE GLOBAL

ONLINE PLATFORM FOR THE WORKING PROFESSIONAL
Earning your degree online with Purdue Global means you can pursue your educational goals without putting your life on hold. Classes fit into your schedule and give you the flexibility you require.

ONLINE CAMPUS
The “hub” of student life is your online campus, Purdue Global Campus. Here, you will find all of your courses, your degree plan, contact information for support services, and tools and resources to help you succeed.

YOUR CLASSROOM
Courses are dynamic, interactive, and engaging. We use advanced technology and enhanced delivery methods to make classes accessible and easy to use. You can navigate lessons and explore web field trips with the click of a mouse, and communicate with fellow students and faculty via email and discussion boards. Our user-friendly online classroom environment makes learning interactive and enjoyable.

INTERACTION WITH FACULTY AND STUDENTS
Opportunities to network, communicate, and interact with faculty and other students include:

- Live seminars
- Roundtable discussions
- Speaker series webinars that connect students, alumni, subject-matter experts, and industry leaders
- Discussion boards to foster lively academic discussions
- Social media tools including school-specific Facebook pages and community interaction
- Special career-specific activities, events, and clubs that give you the opportunity to meet and network with people in your field

RECOGNIZING YOUR DRIVE, TIME, AND FINANCIAL INVESTMENT
Purdue Global understands that earning your degree is a significant investment. To help you succeed, we offer several opportunities to help you save both time and money as you earn your degree.

- We assess your prior college education and work/life experiences to determine if they qualify for academic credit toward your degree.1
- We offer accelerated bachelor’s-to-master’s degree options that could help eligible students save money as they further their education.
- We offer reduced tuition rates to servicemembers, including Guard and Reserve, military veterans, and their spouses.
- New terms begin every month so there’s no waiting; each academic term is 10 weeks.

ACADEMIC QUALITY
Purdue Global is accredited by the Higher Learning Commission (HLC). The HLC (HLCommission.org) is an institutional accreditation agency recognized by the U.S. Department of Education.

Our programs are career-outcomes based and many are focused on areas within the marketplace that are projected to grow. Faculty and industry advisory boards continually review and improve our programs and courses to help ensure they meet our learning outcomes and student expectations, and remain relevant to current industry trends.

Faculty at Purdue Global are experienced practitioners as well as instructors so you can benefit from their firsthand knowledge and subject-matter proficiency. As working professionals with academic expertise, they can also deliver an engaging learning experience. They focus on imparting relevant skills and information that you can actually apply on the job—immediately. They are committed to their areas of expertise, committed to teaching, and committed to you. Nearly all of Purdue Global’s more than 1,500 faculty members (98%) have an advanced academic degree; 48% hold a doctorate.2
PERSONALIZED PATH TO YOUR ASPIRATIONS

Whether you aspire to or currently work in a field associated with one of our programs, Purdue Global can provide you with a curriculum plan designed to increase your effectiveness and help you gain a competitive edge. You will have the opportunity to personalize your degree by selecting from concentrations or open electives to create a plan of study that can be a direct and relevant path to your career goals.

In addition, you will learn from experienced faculty members who know the industry—not just from reading about it, but from working within it. We believe that with your talent, drive, and new degree, you can prepare to improve your marketability and advance in your career.³

THE ULTIMATE BALANCE—GAINING A COMPETITIVE EDGE WHILE BECOMING PART OF THE NETWORK OF GOOD

The growing focus on communities and the services aimed at supporting their general and need-based populations, sustaining their infrastructure, and promoting and maintaining environmental and social consciousness is expected to increase the need for professionals who can work in these dynamic areas. Whether your passion resides in applying and interpreting laws and regulations, improving community governance, or making a difference in an individual’s life, Purdue Global has online programs to help you achieve that goal.

When you graduate from Purdue Global, you’ll be prepared to pursue careers that help, educate, protect, and improve people’s lives and communities within your scope of responsibility and advocacy—a network of good, as we refer to it. Our programs are designed to help you gain the right skills and experience to grow or advance in your chosen field of service and bring about change.

TRY OUR CLASSES BEFORE YOU OWE ANY TUITION

WE STAND BEHIND OUR ACADEMIC QUALITY

Purdue Global wants you to make an educated decision about your education. As a new undergraduate student, the Purdue Global Commitment gives you a chance to experience real classes before deciding if you will stay and pursue your studies. If you withdraw during the introductory period, you will have no financial obligation.⁴
DEGREES AND PROGRAMS

Purdue Global’s College of Social and Behavioral Sciences offers a wide breadth of academic programs that develop professionals, leaders, and change agents in fields that make a difference in response to human and societal causes, issues, and needs. Whether you are planning to start or advance your career, or are pursuing a career change, our programs can help you meet your goals.

CLUBS AND ORGANIZATIONS

Purdue Global’s Office of Student Life offers programs and services aimed at helping students engage in their program of study outside the classroom and providing both personal and professional growth opportunities. Student organizations include:

- Ambassadors and Leaders Group
- Autism Speaks U
- Educators Association
- Human Services Club
- Law Society
- Student Military Association
- Opportunities With Life Studies (OWLS)
- Psychology Club

HONOR SOCIETIES

Your academic achievement deserves recognition. University chapters include:

- Alpha Beta Kappa Honor Society
- Golden Key International Honour Society
- National Society of Collegiate Scholars
- Psi Chi (International Honor Society in Psychology)
- The Society for Collegiate Leadership and Achievement
- Tau Upsilon Alpha Honor Society (National Honor Society in Human Services)
Purdue Global’s master’s and bachelor’s degree programs in psychology are ideal for those who have an interest in helping people make positive changes in their behaviors and ultimately their lives.

We also offer the following certificate programs in the area of psychology:

- Applied Behavior Analysis Postbaccalaureate Certificate
- Graduate Certificate in Addictions
- Graduate Certificate in Industrial/Organizational Psychology
- Postgraduate Certificate in Applied Behavior Analysis

**BACHELOR OF SCIENCE IN PSYCHOLOGY IN ADDICTIONS**

If you have a passion for making a difference in the lives of those afflicted with addictions, earning a bachelor’s degree in psychology may be the path for you. Psychology is the study of human thought, emotion, and behavior.

Many individuals in our communities face the serious psychological issues of an addictive personality. Substance abuse is often one of the unfortunate results. Addiction professionals are trained to assist these persons, and are committed to helping improve their quality of life.

Our Bachelor of Science in Psychology in Addictions is designed to equip you with a fundamental understanding of the major concepts, values, theories, psychological studies, research methods, and historical trends in psychology as they apply to addiction science, assessment, prevention, intervention, treatment, and case management.

The degree helps you acquire knowledge and skills that can make you a desirable candidate for a wide range of careers. It can serve as a strong foundation for pursuing an online Master of Science in Psychology at Purdue Global. Note: The professional practice of psychology is regulated by each state, and the degree requirements of this program do not guarantee or prepare you for licensure in any state upon graduation.

This program is accredited by the National Addiction Studies Accreditation Commission (NASAC, NASACaccreditation.org). In addition, Purdue Global is a NAADAC-approved education provider, and graduates will have met the coursework requirements to sit for the National Certified Addiction Counselor (NCAC), Level I and II certification exams. You will have to meet additional requirements to take the NCAC examination(s), including degree, field experience, and licensure requirements. Visit www.NAADAC.org for full eligibility requirements.

**FAST TRACK TO A MASTER’S DEGREE**

Our flexible degree pathways allow you to work toward a Purdue Global master’s degree in public administration, human services, legal studies, or psychology while you earn your bachelor’s degree. Complete both your bachelor’s degree and master’s degree in less time and at a lower cost than completing both programs separately.

BACHELOR OF SCIENCE IN PSYCHOLOGY IN APPLIED BEHAVIOR ANALYSIS

Have you ever asked yourself, “What can I do to help this person move on with their life successfully?” Purdue Global’s online Bachelor of Science in Psychology in Applied Behavior Analysis degree might interest you.

Applied behavior analysis uses the individual understanding of people, how they learn, and what they need to devise successful behavioral interventions to help them succeed.

With your degree, you will develop foundational skills that demonstrate your ability to address behavior and solve social problems and relationships between individuals, family members, or people in the community.

Use of applied behavior analysis methods is widely recognized as an effective method of treating autism (most specifically children with autism) and those who are affected by trauma.

Courses in the program examine the major concepts, values, theories, studies, research methods, and historical trends in psychology as they apply to human behavior, learning, and development.

Through an innovative learning platform comprising live seminars and interactive discussion boards, you will engage with experienced instructors who are practitioners in the field.

The Association for Behavior Analysis International (ABAI) has verified the program’s course sequence toward the coursework requirements for eligibility to take the Board Certified Assistant Behavior Analyst® (BCaBA®) examination. Applicants will need to meet additional requirements before they can be deemed eligible to take the examination. Visit BACB’s website (www.BACB.com) for full eligibility requirements.

This program meets certification requirements for the BCaBA examination in specific states. Refer to Licensure.PurdueGlobal.edu for additional information on licensure and state authorizations. The University cannot guarantee students will be eligible to sit for or pass exams. The professional practice of psychology is regulated by each state, and the degree requirements of this program do not guarantee or prepare you for licensure in any state upon graduation.

Work settings for behavior analysis professionals can include autism clinics, community mental health centers, home-and community-based settings, schools, adult day-training facilities, child welfare agencies, and a variety of other areas.

Purdue Global’s bachelor’s degree program could also help prepare you for continued graduate-level education in psychology, which could significantly broaden your career opportunities.\(^3\)

FAST TRACK TO A MASTER’S DEGREE

Our flexible degree pathways allow you to work toward a Purdue Global master’s degree in public administration, human services, legal studies, or psychology while you earn your bachelor’s degree. Complete both your bachelor’s degree and master’s degree in less time and at a lower cost than completing both programs separately.

BACHELOR OF SCIENCE IN PSYCHOLOGY IN INDUSTRIAL/ORGANIZATIONAL PSYCHOLOGY

Interested in helping organizations and businesses identify the right people for the job while improving the performance and productivity of existing employees? Consider enrolling in our online bachelor’s degree in industrial/organizational psychology.

This program has been designed to broaden your knowledge of the principles of psychology as it relates to business and organizational settings. Managing and motivating talent in the workplace, helping to develop leadership skills, and assessing an organization to improve its effectiveness are just a few of the many business-setting functions that may benefit from psychological insight.

Curriculum includes core bachelor’s degree courses, plus a complement of psychology and business-focused courses, including cognitive psychology, talent management, attitudes and motivation in the workplace, personality development, psychology of leadership, and organizational behavior.

With a bachelor’s degree in industrial/organizational psychology, you could pursue entry-level opportunities in work settings such as corporations and businesses, schools, government agencies, nonprofit organizations, hospitals, and more. The degree can also serve as a foundation for pursuing your Master of Science in Psychology at Purdue Global. Note: The professional practice of psychology is regulated by each state, and the degree requirements of this program do not guarantee or prepare you for licensure in any state upon graduation.

FAST TRACK TO A MASTER’S DEGREE

Our flexible degree pathways allow you to work toward a Purdue Global master’s degree in public administration, human services, legal studies, or psychology while you earn your bachelor’s degree. Complete both your bachelor’s degree and master’s degree in less time and at a lower cost than completing both programs separately.
BACHELOR OF SCIENCE IN PSYCHOLOGY

Considering a career where you can help improve the lives of others or interested in continuing your psychology education at the graduate level? Our bachelor’s degree in psychology can help you develop the introductory psychological knowledge and skills you need.

The program is designed to help you gain knowledge of the major concepts, values, theories, psychological studies, research methods, and historical trends in psychology as they apply to human behavior, learning, and development. You will learn how psychology relates to everyday life and the importance of culture and diversity.

Courses will help you develop and use psychological skills, critical processes, and the scientific approach to problem-solving to evaluate behavior and mental processes while applying psychological principles to various issues.

The degree can help you pursue career opportunities in a variety of fields where you can use your psychological knowledge and skills to make an impact, or graduate work to pursue more specialized careers.

MASTER OF SCIENCE IN PSYCHOLOGY

Academic theory meets practical application in the Purdue Global master’s degree in psychology. Our program teaches you how to apply psychological theories to real-world situations. You’ll focus on the processes that underlie human behavior as well as the core knowledge, theories, and research techniques in the field. Prepare for careers in schools, hospitals, social service agencies, mental health centers, substance abuse treatment clinics, consulting firms, and private companies. Note: The professional practice of psychology is regulated by each state, and the degree requirements of this program do not guarantee or prepare you for licensure in any state upon graduation. It is important to note that, while earning a master’s degree in psychology may qualify you to work in the helping professions, a doctorate degree is required to become a psychologist and a medical degree is required to become a psychiatrist.

As the program’s culminating experience, you may choose to present a thesis or pass a comprehensive exam. In addition, you can focus your degree around one of five concentrations and gain hands-on experience by choosing to complete a practicum.

**Addictions:** Explore the principles of counseling, group counseling, psychopharmacology, and co-occurring disorders, and how to guide patients toward recovery. A practicum experience provides hands-on experience in the field. This program is accredited by the National Addiction Studies Accreditation Commission (NASAC, NASACAccreditation.org). In addition, students who complete the concentration will meet the coursework requirements for eligibility to take the Master Addictions Counselor (MAC) certification examination. Note that additional requirements must also be completed to take the MAC examination, including degree, field experience, and licensure requirements. Refer to www.NAADAC.org for full eligibility requirements.

**Applied Behavior Analysis:** Focus on the developmentally disabled, the autistic, and those with brain injuries, as well as intervention and treatment plans for each population. The Association for Behavior Analysis International (ABAI) has verified the course sequence of the applied behavior analysis concentration toward the coursework requirements for eligibility to take the Board Certified Behavior Analyst® (BCBA®) examination. Applicants will need to meet additional requirements before they can be deemed eligible to take the examination. Refer to the BACB’s website (www.BACB.com) for full eligibility requirements. Interested in getting a head start on the field experience hours required to sit for the BCBA examination? Elect to complete a practicum as part of the applied behavior analysis concentration. This program meets certification requirements for the BCBA examination in specific states. Refer to Licensure. PurdueGlobal.edu for additional information on licensure and state authorizations. The University cannot guarantee students will be eligible to sit for or pass exams.

**General Psychology:** Examine broad aspects of psychology including behavioral approaches such as neuropsychology, psychopathology, and cognitive psychology.

**Forensic Psychology:** Apply evidence-based psychological theories and concepts to develop strategies that advocate for populations in settings across the criminal and civil legal systems.

**Industrial/Organizational Psychology:** Explore the theories, methods, and practice of industrial/organizational psychology. Study how to influence workplace motivation and attitude, employee training, evaluation and leadership, organizational behavior, and human resources. Practicum and nonpracticum versions of the concentration are available. The practicum is designed to provide you with hands-on, real-world experience within the field.

Purdue Global is committed to admitting individuals who are academically prepared to succeed in our programs. We are also committed to making the process as easy and straightforward as possible. Your Admissions Advisor will walk you through the entire process and is there to answer your questions.

ADMISSIONS OVERVIEW
Specific admissions requirements vary by program, and details can be found in the University Catalog (Catalog.PurdueGlobal.edu). No matter what educational or career path you choose, you can expect to do the following:

• Complete an interview with your Admissions Advisor in which you identify your educational and professional goals, ask questions, and explore whether Purdue Global is right for you.
• Take a virtual tour to see what our online classrooms are really like.
• Submit any required documents (e.g., unofficial transcripts).
• Complete and sign your Enrollment Agreement.

BASIC REQUIREMENTS

UNDERGRADUATE APPLICANTS
You must have completed high school or received a General Equivalency Diploma (GED) or other approved equivalent.

GRADUATE APPLICANTS
You must have completed a bachelor’s degree program at an accredited college or university with a 2.5 cumulative grade point average (CGPA) or higher.

INTERNATIONAL APPLICANTS
You will need to provide evidence of English language proficiency.

Transcripts from foreign institutions must meet the same requirements as domestic institutions and must be translated and evaluated by an approved foreign credential evaluator before enrollment.

Speak to your Admissions Advisor for information related to international availability. Not all programs are available for enrollment.

ONLINE LIBRARY
Access books and other resources without having to leave your desk.

Through the Purdue Global Library’s website, you will have access to thousands of e-books and periodicals, including professional, scholarly, and trade journals, and other monographs. Because library skills are an integral part of your academic achievement, guidance on the use of our research tools and resources is available to you through interactions with library staff, video demonstrations, and other instructional aids. Professional librarians and trained support personnel are available to assist you by email, live chat, and telephone.
EXPLORE YOUR FINANCIAL OPTIONS BEFORE YOU MAKE ANY DECISIONS

FINANCIAL AID
Our Student Finance Office works with you from enrollment to graduation to ensure you understand your financial options and to help you plan the most efficient use of financial resources. We will help you craft a personalized financial plan that meets your particular needs.

Before enrolling at Purdue Global, you are encouraged to explore all available financial options, including employer tuition benefits, military tuition assistance, and tuition reductions.

Financial aid is available to those who qualify. Financial aid awards vary depending on individual student eligibility and need.

LOANS (SUBJECT TO ELIGIBILITY REQUIREMENTS)
- Subsidized Federal Stafford Loan (undergraduate only)
- Unsubsidized Federal Stafford Loan
- Federal PLUS Loan and Graduate Federal PLUS Loans
- Alternative Loans

OTHER AGENCIES AND PROGRAMS FOR ELIGIBLE STUDENTS
- Promise Jobs
- Veterans Administration Benefits
- Division of Vocational Rehabilitation
- Defense Activity for Non-Traditional Education Support (DANTES)

EDUCATIONAL RELATIONSHIPS
We partner with a variety of organizations and provide their employees with several benefits, including:
- Tuition reduction on undergraduate and graduate programs
- Textbooks included for undergraduate programs
- Additional savings for Indiana resident employees

Speak with your human resources department to see if your employer has a relationship with us.

CREDIT FOR PRIOR LEARNING
The knowledge and skills you already have could help you save time and money on your degree. Purdue Global offers several pathways to help you earn credit for your prior learning:
- Transfer of eligible credits earned at an accredited institution
- College credit opportunities for work and life experiences
- Competency assessments to earn course credit
- Credit for eligible professional certifications
- PME2Degree® program that awards college credit for military training

To apply for credit, you must first submit official transcripts, course descriptions, and supporting documentation to the Office of the Registrar. Visit Catalog.PurdueGlobal.edu for the Prior Learning Assessment policy.

Note: Unless by specific arrangement, graduate students are not eligible for experiential credit or credit by examination.
UNCOMPROMISING SUPPORT

Purdue Global students receive personal academic support from day one to graduation. From a highly engaged faculty to technical support, you have access to the assistance to help you achieve your academic goals.

STUDENT SUPPORT

Student support staff provide the following types of individualized support:

• Access to resources and academic tools
• Degree planning
• Answers to questions about your program
• Motivation to stay on track to graduation
• Course selection and registration
• Helping you handle issues before they become problems

TUTORING SERVICES AND ACADEMIC SUCCESS CENTERS

Purdue Global offers rich academic support through a suite of tutoring services. Our Writing Center, Math Center, Technology Center, Science Center, and Business Center provide subject-specific assistance. Depending on the center, services include:

• Live tutoring for one-on-one support from faculty and professional tutors
• Subject support including an essay review service
• Workshops covering a wide range of topics
• Podcasts, self-paced tutorials, and additional resources

CENTER FOR CAREER ADVANCEMENT

Career Specialists emphasize the practical, tangible steps you can take for results in the real world. The Center for Career Advancement offers:

• Career planning to ensure a personalized approach to pursuing your career goals
• Résumé and cover letter reviews, mock interview assistance, and networking advice
• 24/7 availability of the Center for Career Advancement portal on Purdue Global Campus, which includes job postings and career services tools
• On-demand access to relevant information on résumé writing, interviewing, networking, and more
• A mentoring program to help connect you with alumni in your field

CENTER FOR DISABILITY SERVICES

The Center for Disability Services is responsible for the coordination of services for students with disabilities. Students seeking reasonable and appropriate accommodations may request, through student support staff, to be placed in contact with the Center for Disability Services. Students may also directly contact the Center for Disability Services.
MILITARY OVERVIEW

SUPPORTING MILITARY MEMBERS, VETERANS, AND THEIR SPOUSES

If you or your spouse served in the U.S. Armed Forces, Purdue Global provides support to help you reach your educational and career goals—whether military or civilian.

• Reduced tuition for servicemembers, including National Guard and Reserve, spouses, and veterans
• College credit for DANTES/CLEP exams and eligible military occupations or training
• Specially trained staff within our Military Student Support Center who understand military culture, procedures, and complex military educational benefits
• Compliance with Executive Order 13607, establishing principles of excellence for educational institutions serving servicemembers, veterans, their spouses, and other family members
• Special deployment policies if you must drop a course or take a leave of absence due to a deployment or change of orders

ABOUT PURDUE GLOBAL

Building on Purdue’s mission to provide greater access to affordable, world-class education, Purdue University Global delivers a fully personalized online experience that’s tailored to working adults. By opening the doors to adults who need flexibility to fit learning into their busy lives, we make it possible to earn a degree from a school within the respected Purdue University system—completely online. Purdue Global offers more than 175 online programs at the associate’s, bachelor’s, master’s, and doctoral levels, with courses taught by highly respected faculty members who are experts in their fields. Our dedicated faculty and support teams are here every step of the way to help you achieve your goals, providing one-on-one mentoring, educational advising, and comprehensive career services to graduation and beyond.
If you have questions about admissions requirements or financial aid, or need help determining which program is right for you, contact an Advisor.

Call 844-PURDUE-G or visit PurdueGlobal.edu.

IMPORTANT INFORMATION—PLEASE READ
For comprehensive consumer information, visit Info.PurdueGlobal.edu.

Degree plan information is current as of March 2, 2022, and is subject to change. For official course offerings, programs, and curriculum requirements, please refer to Catalog.PurdueGlobal.edu.

1 Purdue Global does not guarantee transferability of credit from any of these sources. See the University Catalog for the Prior Learning Assessment policy. Graduate students are not eligible for experiential credit.

2 Statistics include all Purdue Global faculty members and are not school or program-specific calculations. Source: Purdue Global Office of Reporting and Analysis, July 2020. 2019–2020 academic year.

3 Purdue Global does not guarantee employment placement or career advancement. Actual outcomes vary by geographic area, previous work experience and opportunities for employment.

4 Classes count toward a degree if satisfactorily completed. No credits are earned if the student withdraws during the introductory period (3 weeks for new qualifying undergraduate students), which begins day one of the first term. Students who choose to continue their studies at Purdue Global will need to meet specific requirements. Graduate programs not included. Additional terms may apply to international and non-U.S. citizen students. For further information, see the University Catalog.

5 The University cannot guarantee that students will be granted admission to any future programs. Speak to an Advisor about admissions requirements and transfer credit opportunities and see the University Catalog for the Prior Learning Assessment policy.

6 Students are responsible for understanding the requirements of optional certification exams. The University cannot guarantee students will be eligible to sit for or pass exams. In some cases, work experience, additional coursework beyond the Purdue Global program, fieldwork, and/or background checks may be necessary to be eligible to take or to successfully pass the exams.

7 Some Purdue Global programs are not 100% online; some programs require you to gain hands-on experience in a real-world work environment. Contact an Admissions Advisor for additional information.
