WORK EXPERIENCE

Ohio Community Hospital—Akron, OH

Critical Care Nurse

05/23–Present

- Provide in-depth assessment and management of critically ill patients in the intensive care environment
- Deliver care for patients on advanced medical support, such as ventilators, transvenous pacemakers, intra-aortic balloon pumps, continuous renal replacement therapy, pulmonary artery catheters, arterial blood pressure monitoring
- Provide care for patients with a variety of clinical presentations including but not limited to cardiogenic shock, septic shock, hypovolemic shock, multiple traumas, head injuries, spinal cord injuries, acute myocardial infarction, cardiac tamponade, renal failure, diabetic ketoacidosis, hypertensive crisis, cerebrovascular accident
- Perform charge nurse duties in the coronary care unit
- Assign nurses based upon patient acuity and nursing skill level
- Provide preceptorship and mentoring to new graduate nurses and new nurses on the unit
- Serve on the rapid response, code, and sepsis response teams
- Provide assistance to staff as needed
- Facilitate communication within the interdisciplinary care team and between physicians and family members
- Develop procedure kits and policies regarding emergent procedures, such as open chest arrests, emergency IABP insertion, pericardiocentesis, PA catheter insertion, chest tube insertion, and cardioversion

Buckeye Hospital—Cincinnati, OH

Critical Care Nurse

12/21–05/23

- Assisted doctors in the delivery of medical procedures and provided basic life support in case of emergencies
- Coordinated patient care, social work referrals, and outpatient treatment
- Performed as a first responder to Code Blues and Rapid Responses throughout the hospital
- Educated patients and families in areas of medication, safety, prevention, and symptom management

St. Joseph's Hospital—Cincinnati, OH

Registered Nurse

06/18–11/21

- Managed patient care as well as medication, orders, and treatments
- Collaborated with multidisciplinary team members, working closely with physicians, nurses, technicians, and therapists to formulate, implement, and modify individual care plans
- Recognized for serving as a patient advocate while communicating effectively with patients, families, and caregivers to facilitate outstanding levels of care and service
