

**ON BEHALF OF THE PURDUE UNIVERSITY GLOBAL BOARD OF TRUSTEES:  
WELCOME!**

For over a century and a half, Purdue University has stood firm in its land-grant mission: breaking down barriers to higher education and opening doors for anyone driven to learn. In 2018, we launched Purdue Global to carry that vital mission forward into the modern era.

Our focus is clear and unwavering. We are here to serve the millions of working adults across our nation, those who have earned some college credit but have yet to finish their degree, as well as those who have never had the opportunity to take a college course. By providing affordable, high-quality, and flexible education, we meet the unique individual needs of every busy learner. We equip our students with the precise skills employers demand, giving them the momentum they need to conquer whatever comes next.

As Chairman, I am incredibly proud to lead the Purdue Global Board of Trustees. Together, we are charting a new path for online learning, driven by a singular, vital goal: transforming our students' lives for the better.
