
Additional Resources for Military Students

To evaluate whether Purdue University Global is the right educational institution for you, we have provided you with additional information about us. We recommend that you review the Purdue Global website (<http://www.purdueuniversityglobal.edu>), where you can find our Annual Academic Report and the University Catalog to learn more. Listed below are some additional tools that may be helpful in choosing an institution. When selecting a Purdue Global campus, online and Learning Center students should select Purdue Global Davenport; all other University campuses are listed by location.

The **College Scorecard** (<http://collegecost.ed.gov/scorecard/>) is a planning tool and resource to assist prospective students and their families as they evaluate options in selecting an institution.

The **College Navigator** (<http://nces.ed.gov/collegenavigator/>) is a consumer tool that provides school information including tuition and fees, retention and graduation rates, use of financial aid, and student loan default rates. The site also features a cost calculator and school comparison tool.

The **Financial Aid Shopping Sheet** (<http://www2.ed.gov/policy/highered/guid/aid-offer/index.html>) is a model aid award letter designed to simplify the information that prospective students receive about costs and financial aid so they can easily compare institutions and make informed decisions about where to attend school. The University shopping sheet and frequently asked questions can be located at <http://www.kaplanuniversity.edu/paying-school/shopping-sheet-faq.aspx>. The shopping sheet will provide general estimates for cost of attendance. For a more accurate cost estimate, prospective students should complete the Net Price Calculator (NPC) at <https://kaplannpc.regeducation.net/>. Contact the University Financial Aid Office to complete this form or if you have any questions.

The **Paying for College site of the Consumer Financial Protection Bureau** (<http://www.consumerfinance.gov/paying-for-college/>) allows prospective students to enter the names of up to three schools and receive detailed financial information about each one and enter actual financial aid award information.
