POLICIES

1. Books: Not all courses require textbooks; some use electronic instructional materials.
Military servicemembers: Books and instructional materials are provided at no cost to U.S. military servicemembers enrolled in all undergraduate programs. Books and instructional materials are estimated at \$50.00 to \$250.00 per course.
All other students: Books and course materials are included in the price of tuition for all undergraduate courses.
2. U.S. military servicemembers are not eligible for Purdue Global scholarships, tuition vouchers, or discounts. Purdue Global is a participant in the Yellow Ribbon provision for eligible servicemembers. Spouses and dependents of eligible servicemembers who receive a transfer of benefits under the Post-9/11 GI Bill chapter 33 may be entitled to the Yellow Ribbon provision. These reductions may not be used in conjunction with scholarships or other reductions unless otherwise noted.
3. Tuition Cap: Enrollees in Tuition Cap programs will pay an additional \$200.00 per-term Administration Fee (which also counts toward the Tuition Cap).
Indiana Residents: Indiana residents are not eligible for Tuition Cap pricing. Enrollees in Tuition Cap programs prior to July 5, 2017, should consult with Financial Aid to determine which pricing model is most advantageous for them.
4. Not all programs are available in all states. Check with an Admissions Advisor.
5. Tuition and fees are subject to change after 30 days' advance notice. See the current University Catalog/Addendum for an explanation of the Refund Policy.
6. Tuition is payable in full every term. Tuition payments can be made at the following website: <https://paymentcenter.purdueglobal.com/>.
7. Failure to return library materials to Purdue Global or any of its partner libraries will result in a financial obligation to Purdue Global and may result in postponement of registration for a new term or graduation. Instructional materials must be returned unused within 14 days from the date the student notifies the University of cancellation of enrollment. The student will be responsible for payment of any bill received for instructional materials not returned.
8. Students outside the United States or U.S. Territories will be responsible for the cost and the shipment of instructional materials including returns and payment of customs duties or fees.
9. Upon enrollment, students must attest to high school graduation or equivalent. The University may require students to present actual proof of graduation or its equivalent as part of its verification process. If Purdue Global is required to obtain this proof of graduation on the student's behalf, there will be a \$10.00 fee charged to the student's account.
10. Postbaccalaureate program enrollees: Students must furnish an official transcript indicating receipt of a bachelor's degree from a college or university accredited by a regional or national accrediting agency recognized by the U.S. Department of Education by the last day of the first term. If this document is not submitted by the last day of the first term, the student will be withdrawn from the University and blocked from reentry until it is provided or the student changes his or her program of study to one that does not require proof of graduation. Furthermore, all Title IV financial aid or any state or institutional funding must be refunded to the appropriate source, and the student will be responsible for payment of these funds to the original source or to Purdue Global.
11. Cancellation of Enrollment Agreement: Three-Day Cancellation—An applicant who provides written notice of cancellation within three days (excluding Saturday, Sunday, and federal and state holidays) of signing an Enrollment Agreement is entitled to a refund of all monies paid.

California Residents

The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss.

Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the Fund STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment if you are not a California resident, or are not enrolled in a residency program.

It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 2535 Capitol Oaks Drive, Suite 400, Sacramento, CA 95833, 916-431-6959 or 888-370-7589.

To be eligible for STRF, you must be a California resident or enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.
To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.
8. A student whose loan is revived by a loan holder or debt collector after a period of non-collection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law. However; no claim can be paid to any student without a social security number or a taxpayer identification number.
