CHANCELLOR'S MESSAGE

Dear Graduates,

On behalf of Purdue University Global's Board of Directors, administration, faculty, and staff, we congratulate you as a member of the Purdue University Global graduating class. Earning a degree is a major milestone and an extraordinary accomplishment. This year brought even more challenges, yet you persevered. You have worked hard and made great sacrifices, and it is with great pleasure that we commend you on a job well done. You should be proud.

The degrees and certificates you have earned will open doors to the many opportunities that are available in this changing society. It is our hope that you will continue to reflect on your Purdue Global experience as you move forward to pursue your dreams. Whether you are expanding in your current field of work, venturing down a new career path, or continuing your educational pursuit, let this milestone serve as the beginning of a life-long quest for knowledge.

Purdue University Global is pleased to welcome you to the ranks of our alumni. We are proud to be part of your lives, admire the effort you have invested, and feel confident that the tenacity and intellect you've demonstrated as a student will serve you well in your future endeavors.

Congratulations.

Hail Purdue Global!

Dr. Frank Dooley
Chancellor

COMMENCEMENT SPEAKER

Jacquie Yates
Purdue University Global Alumnus
Class of 2021

Jacquie Yates, a native of Gary, Indiana, learned at an early age, *“Education is not the filling of a pail, but the lighting of a fire!”* Yates has been fortunate to serve her community in many capacities for the past decade. It was her journey through public service that sparked a fire leading her to Purdue University Global, where in 2021 she earned her master’s degree in public health. After graduating from Purdue Global, she and her husband, Jim, decided to relocate their family from Indiana to Texas where she joined the CDC Foundation team and currently serves the residents of Texas as a program analyst lead.

More recently, inspired by her near-death postpartum experience, Yates founded a maternal wellness company called The Maternal Mission, as well as obtained certifications as a life coach and postpartum doula to teach, develop, inspire, and mentor birthing persons and health care professionals on birth equity. She is on a consistent mission of excellence and is currently earning her doctorate of education in public health policy from Nebraska Methodist College. After completion of her doctoral program in 2023, she plans to use her academic training and natural talent for making meaningful connections to advocate for health equity through policy and legislation tailored for maternal wellness.

Yates’ motto in life is to turn obstacles into opportunities by choosing every day to do something, say something, and be something. In her spare time, she enjoys traveling with her husband and creating memories with her spirited 4-year-old daughter and gifted 7-year-old son.

The awarding of degrees to the candidates' names in this program is contingent upon the satisfactory completion of the appropriate requirements by each candidate, as verified by the Registrar. The listing of a student's name in this program, or participation in the ceremony, does not ensure his or her graduation or the award of honors. This list includes only those who registered to participate in the graduation ceremony by June 15, 2022. Academic honors statuses noted in this program are based on the student's CGPA as of June 15, 2022.

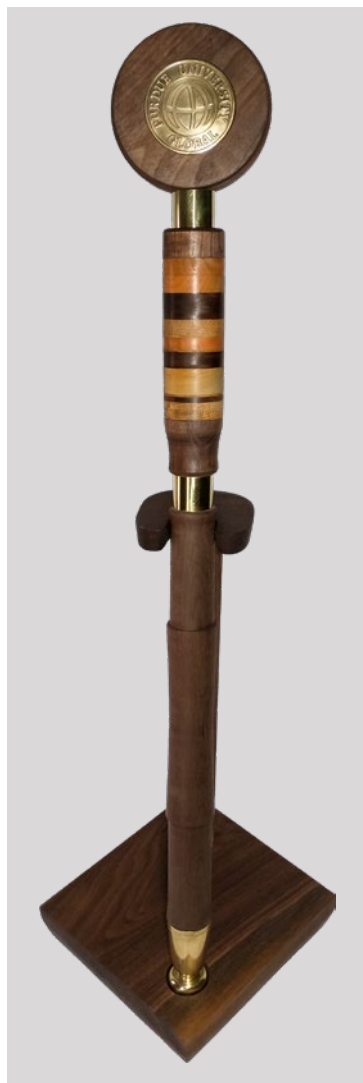

THE MACE

Purdue University Global commencement ceremonies begin with the entrance of the University Mace—carried by the macebearer, who leads the chancellor and other dignitaries onto the stage.

The current mace first appeared at the May 2022 commencement in Indiana. It was constructed by Michael Lorenz, Purdue University Global vice president of strategy and academic operations and registrar, in addition to being a self-described amateur woodworker.

The mace consists of 18 segments, representing Purdue University Global's founding in 2018. It is made entirely from locally sourced woods, symbolizing the university's Indiana heritage. One section is composed of layers of different woods, evoking the diversity of students, faculty, and staff that is a hallmark of the institution and its mission. Three pieces of the current mace are refurbished from the previous mace, a reminder of Purdue University Global's legacy, which traces its roots to the American Institute of Commerce, a postsecondary school that opened in 1937 to provide training for undeserved job seekers in a nation still reeling from the Great Depression.

The tradition of the mace originates from medieval times in England when it was carried by bishops of the church into battle as a protective device. Later, the mace was carried by sergeants-at-arms who were bodyguards of kings and others of high rank. Legislative bodies such as the U.S. House of Representatives and the British Parliament also adopted the ceremonial mace as part of the pomp and circumstance associated with the beginning of meetings. Today, many universities carry a mace to symbolize the importance of commencement and as acknowledgment of the academic process.

PURDUE TRADITIONS

Legend of the Boilemaker

An 18-foot, 5,400-pound bronze statue that celebrates the lore and legend of the Purdue Boilemakers now stands next to Ross-Ade Stadium with an inscription that reads: “The year was 1891. A college known for its proud heritage of educating the sons and daughters of the working class began to dominate opponents in football. After a 44-0 thrashing of Wabash College, a headline writer provided inspiration for a most unique nickname. ‘Wabash Snowed Completely Under by the Burly Boiler Makers from Purdue’ chronicled a victory by the ‘Herculean wearers of the black and old gold.’ Never intended as a compliment, the insult appealed to the students of the day. The indomitable spirit of the boilemaker is embodied in the tireless laborer you see before you.”

Boilemaker Special

The locomotive design of Purdue's official mascot celebrates the University's renowned engineering programs. The first Boilemaker Special was presented in September 1940 and has been used to announce campus events ever since.

Purdue Pete

Pete's story began in 1940 when University Book Store hired California artist Art Evans to draw a logo. The grinning, muscular icon reflected a boilemaker tradesman with a mallet for molding steel and hat to keep grease out of his hair.

In 1944, the logo jumped from retail to academe, starring in Purdue's *Debris* yearbook. “Introducing Boilemaker Pete,” wearing a home economics apron among them.

Pete moved from page to personhood on September 28, 1956, at a pep rally before Purdue played Missouri, when student Larry Brumbaugh (ME'57) donned foam rubber padding, football shoulder pads, long black pants, sweater with a *P*, and a papier-mâché head.
