Derrick Howell-McQueen
Purdue University Global Alumnus, Class of 2021

Derrick Howell-McQueen is an entrepreneur, financial coach, leader, minister, and a Purdue University Global alumnus, class of 2021. He was born and raised in Indianapolis, IN, where his career began. Understanding and accepting his call to both ministry and the marketplace, in 2017, Derrick founded his first business, Howell-McQueen Financial Consulting, a company designed to help families and individuals improve their financial wellness. In 2020, he became a licensed minister, and after earning a bachelor’s degree in accounting, Howell-McQueen enrolled in Purdue University Global and graduated with a Master of Business Administration degree in 2021.

Today Howell-McQueen operates in his call to liberate and equip people by leading financial wellness seminars, coaching small business owners toward operational and financial excellence, and fulfilling his ministry calling with his husband, Bishop Keith McQueen, who together founded the Powerhouse Global Network. Howell-McQueen serves in both his role as the first gentleman of the Powerhouse Global Network and interim campus pastor of Powerhouse Church of Indianapolis.

Howell-McQueen summarizes his life and mission by stating that he was born to empower people to live to the fullest of their capabilities, he is called to liberate, equip, and propel individuals into their destinies, and he is empowered to help others realize their potential and reach their goals both financially and personally. In the quest for continued growth, he is also currently pursuing a doctoral degree to study business administration from a non-profit management context.

The awarding of degrees to the candidates’ names in this program is contingent upon the satisfactory completion of the appropriate requirements by each candidate, as verified by the Registrar. The listing of a student’s name in this program, or participation in the ceremony, does not ensure his or her graduation or the award of honors. This list includes only those who registered to participate in the graduation ceremony by March 23, 2022. Academic honors statuses noted in this program are based on the student’s CGPA as of March 23, 2022.

THE MACE

The mace was originally a medieval weapon that was carried by bishops of the church into battle as a protective device. After more than 900 years, a ceremonial mace continues to be designed in a shape similar to a club, commemorating its very early use.

In later times, the mace was carried by sergeants-at-arms who were bodyguards of kings and others of high rank. Both Richard I of England and Phillip II of France ordered their sergeant-at-arms to carry a ceremonial mace. Legislative bodies such as the English Parliament also adopted the ceremonial mace as part of the pomp and circumstance associated with opening the meeting of the body.

As universities developed during this same period, they too adopted the mace for use in academic processions. Today, the mace is carried by the Macebearer who leads the platform party, which includes the University Chancellor and other dignitaries, onto the stage for the graduation ceremony.

Throughout history, special craftsmen were presented with the task of decorating the mace so it carefully embodied the history, traditions, and symbols of the academic institution.
Legend of the Boilermaker
An 18-foot, 5,400-pound bronze statue that celebrates the lore and legend of the Purdue Boilermakers now stands next to Ross-Ade Stadium with an inscription that reads: “The year was 1891. A college known for its proud heritage of educating the sons and daughters of the working class began to dominate opponents in football. After a 44-0 thrashing of Wabash College, a headline writer provided inspiration for a most unique nickname. ‘Wabash Snowed Completely Under by the Burly Boiler Makers from Purdue’ chronicled a victory by the ‘Herculean wearers of the black and old gold.’ Never intended as a compliment, the insult appealed to the students of the day. The indomitable spirit of the boilermaker is embodied in the tireless laborer you see before you.”

Boilermaker Special
The locomotive design of Purdue's official mascot celebrates the University's renowned engineering programs. The first Boilermaker Special was presented in September 1940 and has been used to announce campus events ever since.

Purdue Pete
Pete's story began in 1940 when University Book Store hired California artist Art Evans to draw a logo. The grinning, muscular icon reflected a boilermaker tradesman with a mallet for molding steel and hat to keep grease out of his hair.

In 1944, the logo jumped from retail to academe, starring in Purdue's Debris yearbook and listed as “Introducing Boilermaker Pete,” wearing a home economics apron.

Pete moved from page to personhood on September 28, 1956, at a pep rally before Purdue played Missouri, when student Larry Brumbaugh (ME'57) donned foam rubber padding, football shoulder pads, long black pants, sweater with a P, and a papier-mâché head.
