The awarding of degrees to the candidates’ names in this program is contingent upon the satisfactory completion of the appropriate requirements by each candidate, as verified by the Registrar. The listing of a student’s name in this program, or participation in the ceremony, does not ensure his or her graduation or the award of honors. This list includes only those who registered to participate in the graduation ceremony by June 18, 2021. Academic honors statuses noted in this program are based on the student’s CGPA as of June 18, 2021.
THE MACE

The mace was originally a medieval weapon that was carried by bishops of the church into battle as a protective device. After more than 900 years, a ceremonial mace continues to be designed in a shape similar to a club, commemorating its very early use.

In later times, the mace was carried by sergeants-at-arms who were bodyguards of kings and others of high rank. Both Richard I of England and Phillip II of France ordered their sergeant-at-arms to carry a ceremonial mace. Legislative bodies such as the English Parliament also adopted the ceremonial mace as part of the pomp and circumstance associated with opening the meeting of the body.

As universities developed during this same period, they too adopted the mace for use in academic processions. Today, the mace is carried by the Macebearer who leads the platform party, which includes the University Chancellor and other dignitaries, onto the stage for the graduation ceremony.

Throughout history, special craftsmen were presented with the task of decorating the mace so it carefully embodied the history, traditions, and symbols of the academic institution.
