

IT Certifications/Examinations Approved for Transfer

Students can earn credit for the following IT certifications/examinations if they were completed within the past 3 years.

IT Certification/Examination	Purdue Global Course
MOS (Microsoft Office Specialist): Excel 2010, 2013, 2016	IT153: Spreadsheet Applications
MOS (Microsoft Office Specialist): Access 2010, 2013, 2016	IT163: Database Concepts Using Microsoft Access
MCSA (Microsoft Certified Solutions Associate): Windows 10 Solutions Associate	IT261: Desktop Administration
MCSE (Microsoft Certified Solutions Expert) or MSCA (Microsoft Certified Solutions Associate) Associate Level for Windows Server 2012 or 2016	IT375: Windows Enterprise Administration
MCTS (Microsoft Certified Technology Specialist)	IT278: Network Administration
MOS (Microsoft Office Specialist): Word 2010/2013/2016; Outlook 2010/2013/2016; PowerPoint 2010/2013/2016, and Excel 2013/2016 OR Access 2013/2016	IT133: Microsoft Office Applications on Demand
CCNA (Cisco Certified Network Associate), including any of the following: CCDA CCNA Collaboration CCNA Data Center CCNA Routing and Switching CCNA Security CCNA Video CCNA Voice CCNA Wireless	IT388: Routing and Switching IT471: Routing and Switching II
CompTIA Network+	IT273: Networking Concepts IT530: Computer Networks

IT Certification/Examination	Purdue Global Course
CompTIA Security+	IT286: Network Security Concepts IT540: Management of Information Security IT541: Computer and Network Security
CASP (CompTIA Advanced Security Practitioner)	IT273: Networking Concepts IT286: Network Security Concepts IT278: Network Administration IT540: Management of Information Security
CySA+ (CompTIA Cybersecurity Analyst) (ISC) ² : CISSP (Certified Information Systems Security Professional) or Associate of any one of the following: CISSP, CISSP-ISSEP, or CISSP-ISSAP	IT286: Network Security Concepts IT390: Intrusion Detection and Incident Response IT395: Certified Ethical Hacking II IT542: Ethical Hacking and Network Defense IT104: Introduction to Cybersecurity IT190: Information Technology Concepts IT273: Networking Concepts IT277: CISSP I IT283: Networking with TCP/IP IT279: CISSP II IT286: Network Security Concepts IT410: CISSP III IT412: Information Systems Security IT504: Managing Information Technology in a Business Environment IT530: Computer Networks IT537: Introduction to Cybersecurity IT540: Management of Information Security IT541: Computer and Network Security IT544: Platforms, Applications, and Data Security IT591: IT Security Auditing and Assessments

IT Certification/Examination	Purdue Global Course
<p>ISACA: CISA (Certified Information Systems Auditor) or CISM (Certified Information Systems Manager)</p>	<p>IT190: Information Technology Concepts IT273: Networking Concepts IT277: CISSP I IT279: CISSP II IT286: Network Security Concepts IT331: Technology Infrastructure IT332: Principles of Information Technology Architecture IT410: CISSP III IT412: Information Systems Security IT484: Cybersecurity Policies IT504: Managing Information Technology in a Business Environment IT530: Computer Networks IT537: Introduction to Cybersecurity IT540: Management of Information Security IT541: Computer and Network Security IT544: Platforms, Applications, and Data Security IT591: IT Security Auditing and Assessments</p>
<p>EnCase: EnCE (EnCase Certified Examiner) (students must have completed Phase 1 and 2)</p>	<p>IT411: Digital Forensics</p>
<p>Project Management Institute: PMP (Project Management Professional)</p>	<p>IT301: Project Management I IT401: Project Management II IT511: Information Systems Project Management GM591: Strategic Project Selection and Initiation GM592: Project Planning and the Project Plan GM593: Project Execution With Monitoring and Control GM594: Project Close-Out, Ethics, and Professional Responsibilities</p>

IT Certification/Examination	Purdue Global Course
CAPM (Certified Associate of Project Management)	IT301: Project Management I IT401: Project Management II
PRINCE2 (2-part process) and Project+	IT301: Project Management I IT401: Project Management II IT511: Information Systems Project Management
CEH (Certified Ethical Hacker)	IT262: Certified Ethical Hacking I IT390: Intrusion Detection and Incident Response IT395: Certified Ethical Hacking II IT541: Computer and Network Security IT542: Ethical Hacking and Network Defense IT591: IT Security Auditing and Assessments
CHFI (Computer Hacking Forensics Investigator)	IT316: Computer Forensics IT390: Intrusion Detection and Incident Response IT411: Digital Forensics IT550: Computer Forensics and Investigations
GIAC: GCIH (Certified Incident Handler)	IT262: Certified Ethical Hacking I IT273: Networking Concepts IT286: Network Security Concepts IT390: Intrusion Detection and Incident Response IT411: Digital Forensics IT412: Info Systems Security IT542: Ethical Hacking and Network Defense

IT Certification/Examination	Purdue Global Course
<p>GIAC: GCFA (Certified Forensic Analyst)</p>	<p>IT262: Certified Ethical Hacking I IT273: Networking Concepts IT275: Linux Systems Administration IT286: Network Security Concepts IT316: Computer Forensics IT374: Linux Systems Administration II IT375: Windows Enterprise Administration IT390: Intrusion Detection and Incident Response IT395: Certified Ethical Hacking II IT411: Digital Forensics IT412: Info Systems Security IT541: Computer and Network Security IT542: Ethical Hacking and Network Defense IT550: Computer Forensics and Investigations</p>
<p>OSCP (Offensive Security Certified Professional)</p>	<p>IT104: Introduction to Cybersecurity IT262: Certified Ethical Hacking I IT390: Intrusion Detection and Incident Response IT395: Certified Ethical Hacking II</p>
<p>CIW JavaScript Specialist: Exams 1D0-635 or ID0-735</p>	<p>IT213: Software Development Concepts</p>
<p>CIW Web Design Specialist: Exam 1D0-520 or CIW Web Foundations Associate: Exam 1D0-610</p>	<p>IT117: Website Development IT214: Foundations of Web Design IT247: Fundamentals of Web Graphics</p>
<p>Oracle Certified Associate (Java)</p>	<p>IT213: Software Development Concepts IT232: Software Design and Development Concepts</p>

IT Certification/Examination	Purdue Global Course
Oracle Certified Professional (Java) or Oracle Certified Master (Java)	IT213: Software Development Concepts IT232: Software Design and Development Concepts IT350: Advanced Database Concepts IT391: Advanced Software Development Including Web and Mobility IT481: Advanced Software Development IT488: Software Product Development Using Agile
MCSD App Builder (C#)	IT213: Software Development Concepts IT232: Software Design and Development Concepts IT350: Advanced Database Concepts IT391: Advanced Software Development Including Web and Mobility IT481: Advanced Software Development IT488: Software Product Development Using Agile
IEEE Professional Software Developer or IEEE Software Engineering Master	IT213: Software Development Concepts IT232: Software Design and Development Concepts IT350: Advanced Database Concepts IT391: Advanced Software Development Including Web and Mobility IT481: Advanced Software Development IT488: Software Product Development Using Agile
MCSD Web Applications (JavaScript)	IT213: Software Development Concepts

IT Certification/Examination	Purdue Global Course
MCSD Windows Store Apps (C#)	IT488: Software Product Development Using Agile
W3Schools: PHP Certificate	IT213: Software Development Concepts IT232: Software Design and Development Concepts IT350: Advanced Database Concepts IT391: Advanced Software Development Including Web and Mobility IT481: Advanced Software Development IT488: Software Product Development Using Agile
W3Schools: JavaScript Certification	IT213: Software Development Concepts
CompTIA: Cloud Essentials	IT222: Introduction to Cloud Computing
CompTIA: Cloud +	IT222: Introduction to Cloud Computing IT273: Networking Concepts
MCSE: Cloud Platform and Infrastructure (retired 12/31/2018)	IT222: Introduction to Cloud Computing IT273: Networking Concepts IT278: Network Administration IT227: Cloud Infrastructure Administration IT303: Virtualization and Cloud Security IT306: Cloud Services Management IT403: Advanced Cloud Security

IT Certification/Examination	Purdue Global Course
<p>MCSE: Designing and Implementing Cloud Data Platform Solutions, Exam 70-473</p>	<p>IT222: Introduction to Cloud Computing IT234: Database Concepts IT286: Network Security Concepts IT413: Migrating Data and Applications in the Cloud IT306: Cloud Services Management IT375: Windows Enterprise Administration IT403: Advanced Cloud Security</p>
<p>MCSA: Linux on Azure</p>	<p>IT222: Introduction to Cloud Computing IT273: Networking Concepts IT278: Network Administration IT227: Cloud Infrastructure Administration IT306: Cloud Services Management IT275: Linux Systems Administration</p>
<p>AWS Certified Solutions Architect—Associate</p>	<p>IT222: Introduction to Cloud Computing IT273: Networking Concepts IT278: Network Administration IT227: Cloud Infrastructure Administration IT303: Virtualization and Cloud Security IT306: Cloud Services Management IT213: Software Development Concepts IT304: Application Development and Scripting in the Cloud IT404: Security Testing for Cloud Applications IT414: Software Development Operations in Cloud Environments IT403: Advanced Cloud Security</p>

IT Certification/Examination	Purdue Global Course
<p>AWS Certified Solutions Architect—Professional</p>	<p>IT222: Introduction to Cloud Computing IT273: Networking Concepts IT278: Network Administration IT227: Cloud Infrastructure Administration IT303: Virtualization and Cloud Security IT306: Cloud Services Management IT213: Software Development Concepts IT304: Application Development and Scripting in the Cloud IT404: Security Testing for Cloud Applications IT414: Software Development Operations in Cloud Environments IT403: Advanced Cloud Security IT413: Migrating Data and Applications in the Cloud</p>
<p>AWS Certified Developer—Associate</p>	<p>IT222: Introduction to Cloud Computing IT227: Cloud Infrastructure Administration IT213: Software Development Concepts IT304: Application Development and Scripting in the Cloud IT414: Software Development Operations in Cloud Environments</p>

IT Certification/Examination	Purdue Global Course
AWS Certified SysOps Administrator—Associate	IT222: Introduction to Cloud Computing IT273: Networking Concepts IT278: Network Administration IT227: Cloud Infrastructure Administration IT303: Virtualization and Cloud Security IT306: Cloud Services Management IT413: Migrating Data and Applications in the Cloud
AWS Certified DevOps Engineer—Professional	IT222: Introduction to Cloud Computing IT213: Software Development Concepts IT304: Application Development and Scripting in the Cloud IT404: Security Testing for Cloud Applications IT414: Software Development Operations in Cloud Environments
(ISC) ² CCSP	IT222: Introduction to Cloud Computing IT303: Virtualization and Cloud Security IT404: Security Testing for Cloud Applications IT403: Advanced Cloud Security
CCNA (Cisco Certified Network Associate) Cloud	IT222: Introduction to Cloud Computing IT273: Networking Concepts IT278: Network Administration IT227: Cloud Infrastructure Administration

IT Certification/Examination	Purdue Global Course
CCNP (Cisco Certified Network Professional) Cloud	IT222: Introduction to Cloud Computing IT273: Networking Concepts IT278: Network Administration IT227: Cloud Infrastructure Administration IT303: Virtualization and Cloud Security
Google Associate Cloud Engineer	IT222: Introduction to Cloud Computing IT227: Cloud Infrastructure Administration IT303: Virtualization and Cloud Security IT306: Cloud Services Management IT304: Application Development and Scripting in the Cloud IT414: Software Development Operations in Cloud Environments

How to Request Transcripts

Microsoft Certifications (Excluding Microsoft Office Specialist Certification)

1. Contact Microsoft at [800-636-7544](tel:800-636-7544)
2. Request official transcript be sent to:
 Purdue University Global
 Office of the Registrar
 7th Floor
 550 West Van Buren Street
 Chicago, IL 60607

Microsoft Office Specialist Certification

If you have taken and passed Microsoft Office Specialist (Office Specialist) certification exams, you may be eligible to receive 5 quarter credit hours toward IT133: Microsoft Applications on Demand.

In order to receive credit, you must have passed all four of the following Microsoft Office exams:

- Word
- Outlook
- PowerPoint
- Excel OR Access

The Office Specialist certification is offered at the specialist, master specialist, and expert specialist levels, and is currently available in these Microsoft Office versions: 2010, 2013, and 2016.

Online Authorization of MOS Certification

1. Log in to your account at www.certipoint.com.
2. Check the box at the top of the page to authorize an external party to view your certification.
3. Click on "My Transcripts" in the top left corner.
4. Under View Mode, select "Authorized View".
5. On the right side, check the box labeled "Authorize Viewer".
6. When prompted to enter the email address of the external party you would like to authorize, enter: document@purdueglobal.edu
7. Click "Authorize".

Cisco Systems, Inc. Certifications

In order to allow third parties to verify valid certifications, previously earned certifications and passed exams please use the "Publish Credentials" option within the Certification Tracking System.

1. Login to the Certification Tracking System at www.cisco.com/go/certifications/login
2. Click on the "Publish Credentials" link.
3. Select the credentials that you would like to publish.
4. Enter email address: document@purdueglobal.edu
5. Enter any message you want to include in the email to the recipient.
6. Click "Preview Report" to preview the report (optional). NOTE: Preview Report page is watermarked "VOID - Sample Only" (the actual report sent will not have the watermark). If you want to make modifications or do not want to send the report, click "Back".
7. Click "Publish Report" to publish the report.
8. "Your certifications have successfully been published," will be displayed in red at the top of the page under your name and candidate ID number.
9. Click on a menu bar to the left to continue.

CIW (Certified Internet Webmaster) Certifications

1. Login to the [CIW Candidate Information Center](#)
2. Click on the "Publish Credentials" link in the left column.
3. Check the box(es) next to the appropriate certification(s).
4. Enter email address: document@purdueglobal.edu
5. Enter in any explanatory text.
6. Click "Publish Report."

Note: An e-mail message will be sent to the address supplied, with a URL and security code that can be used to verify any CIW certification status directly. Purdue Global will see only the certifications earned and the award dates; no history of exam attempts will appear.

CompTia

If you have any questions about the process described below, please contact the CompTIA Customer Service Department at questions@comptia.org or call [630-678-8300](tel:630-678-8300) (option 5).

Log into your [CompTIA account](#).

If you are a first-time user, you must first create an account. Click the “First-Time Users” link on the right side and complete the account registration form.

You will need the following information from your CompTIA exam score report:

- CompTIA Career ID Registration ID
- Test Date
- Test Center ID

If you do not have a copy of your score report, please contact the test delivery provider that you used to take your exam. They will either mail you a copy of your score report or email the information to you.

VUE: [877-551-7587](tel:877-551-7587) (Toll Free)

Prometric: [800-776-4276](tel:800-776-4276) (Toll Free)

Once you log in to your record, publish your certification(s) to Purdue Global by clicking on the “Publish Credentials” tab in the lower left portion of the screen.

Enter the information requested, using document@purdueglobal.edu as the email to receive the verification.

CompTIA will send your credential verification directly to the Purdue Global Office of the Registrar.

EC Council Certifications

For EC Council certifications, you will need to make a request for your certification information to be issued to Purdue Global.

Please contact EC Council support to request a third-party information release. Complete the third-party information release documentation, indicating document@purdueglobal.edu as the recipient, and return the form to EC Council. EC Council will then release your certification information to Purdue Global.

Amazon Web Services

You can send a transcript of your certifications from your [AWS Certification Account](#) to Purdue Global through the “Share My Transcript” option. Select “Create New Transcript” and select which certifications you would like to send. After doing so, please choose the option to send your transcript to an email address, and enter document@purdueglobal.edu as the recipient.

Nontranscript Certifications

Web Portal Verification

In order to receive credit for the following certifications, you will need to submit a completed copy of the IT Certification Verification form to document@purdueglobal.edu or fax to 800-582-9261.

- (ISC)² Certifications
- ISACA Certifications

- GIAC Certifications
- PMI Certifications
- AXELOS Certifications

Digital Badge Verification

In order to receive credit for the following certifications, you will need to submit a completed copy of the IT Certification Verification form and digital badge to document@purdueglobal.edu.

- Oracle Certifications
- W3Schools Certifications
- Google Certifications

Verification Letter From Organization

In order to receive credit for the following certifications, you will need to submit a completed copy of the IT Certification Verification form to the certifying organization, and have them return the form and verification of the certification earned to document@purdueglobal.edu.

- Guidance Software Certifications
- IEEE Certifications
- Offensive Security
